INTRODUCTORY SECTION

## THE COUNTY AUDITOR

200 E. FERGUSON, SUITE 407 TYLER, TEXAS 75702

Ann W. Wilson, CPA, CIO County Auditor (903) 590-4700 Fax (903) 590-4716

March 14, 2024

The Honorable Board of District Judges Smith County Commissioners Court Citizens of Smith County, Texas

The Annual Comprehensive Financial Report of Smith County, Texas for the fiscal year ending September 30, 2023 is submitted in accordance to the requirements of Chapters 114.025 of the Local Government Code.

This report consists of management's representations concerning the finances of Smith County. Consequently, management assumes full responsibility for the completeness and reliability of all of the information presented in this report. To provide a reasonable basis for making these representations, Smith County has established a comprehensive internal control framework that is designed both to protect the government's assets from loss, theft, or misuse and to compile sufficient reliable information for the preparation of Smith County's financial statements in conformity with generally accepted accounting principles (GAAP). Because the cost of internal controls should not outweigh their benefits, Smith County's comprehensive framework of internal controls has been designed to provide reasonable rather than absolute assurance that the financial statements will be free from material misstatement. We believe that to the best of our knowledge and belief, this financial report is complete and reliable in all material aspects.

Gollob Morgan Peddy PC, a firm of licensed certified public accountants has issued an unmodified (clean) opinion on Smith Couty's financial statements for the year ended September 30, 2023. The independent auditor's report is presented as the first component of the financial section of this report.

The independent audit of the financial statements of Smith County is part of the broader, federally mandated "Single Audit" designed to meet the special needs of federal grantor agencies. The standards governing Single Audit engagements require the independent auditor to report not only on the fair presentation of the financial statements, but also on the audited government's internal

controls and legal requirements involving the administration of federal awards. These reports are included in a separate Single Audit report.

GAAP requires that management provide a narrative introduction, overview, and analysis to accompany the basic financial statements in the form of a Management's Discussion and Analysis (MD&A). This letter of transmittal is designed to complement the MD&A and should be read in conjunction with it. Smith County's MD&A can be found immediately following the report of the independent auditors.

The financial section of this report also includes annually appropriated government-wide financial statements, fund financial statements, notes to the financial statement, required supplementary information and the combining and individual fund financial statements and schedules. The statistical section of the report includes selected financial and demographic information on a multi-year basis.

#### PROFILE OF SMITH COUNTY

The County of Smith was established in 1846 and is located in the north east section of the state. Smith County covers 932 square miles and serves a population of approximately 241,922. The City of Tyler is the county seat and Smith County's largest incorporated area with an estimated population of approximately 100,806 residents. Smith County also includes the Cities of Lindale, Whitehouse, Arp, Troup, Bullard, Winona, New Chapel Hill, Noonday, Overton, and Hide-a-way Lake.

Smith County is a political subdivision of the State of Texas. The governing body of the County is the Commissioners Court. The County Judge is the chairman of the court and the Commissioner from each of the four precincts are also members. Commissioners serve four year staggered terms, two members elected every two years. The County Judge is elected at large to serve a four year term. The Court has only such powers as are conferred upon it by the Constitution and the statutes or by necessary implication there from.

The Commissioners Court sets the tax rates, establishes policies for county operations, approves contracts for the county and adopts the county budget within the resources as estimated by the County Auditor. The Commissioners Court is also responsible for approving financial commitments and appointments of various department officials. The management and leadership provided by members of the Commissioners Court and the elected and appointed officials of other key county offices is crucial to the success of Smith County in financial management and growth.

The County Auditor has responsibilities for prescribing the systems and procedures for handling the finances of the County and "examining, auditing, and approving" all disbursements from County funds prior to their submission to the Commissioners Court for approval.

The County provides a full range of services as authorized by the Constitution and Statutes of the State of Texas. The primary functions include general government, justice system, law enforcement, juvenile service, public transportation, public health, human services, and debt service.

The annual budget process serves as the foundation of the County's planning and control. All departments are required to submit requests to the budget officer during a defined period each year. The budget officer uses these requests as the starting point for developing a proposed budget. The proposed budget is then presented to the Commissioners Court for review. The Commissioners Court is required to hold public hearings on the proposed budget. The County is required to adopt a final budget by the first day of the new fiscal year. The appropriated budget is prepared by fund, function, and department. All transfers of appropriations other than inter-departmental operating category transfers require Commissioners Court approval. Budget to actual comparisons are provided in this report for each individual governmental fund for which an appropriated annual budget has been adopted.

#### FACTORS AFFECTING FINANCIAL CONDITION

**Local Economy** – Smith County continues to be the home to many major industries, including manufacturing, health care and higher education. As of December 2023, Smith County reports an unemployment rate of 3.7% as compared to the national unemployment rate of 3.5% in December 2023 according to the US Bureau of Labor Statistics.

Smith County has ten public independent school districts and is home to Tyler Junior College, the University of Texas at Tyler, Texas College, and UT Health Northeast.

Smith County continues to experience strong growth in population and in its economic base. The population has grown by 13% since the 2010 census and 30% since the 2000 census.

#### LONG TERM FINANCIAL PLANNING

Smith County has adopted several financial management policies to provide guidelines to insure its long-term financial health. The general fund balance policy sets a minimum level of reserve funds in the general fund at 25% of current budgeted expenditures and discourages any dependence on reserves to balance the general fund budget. The debt management policy establishes guidelines for debt issuance, debt levels, appropriate types of debt to issue, and debt repayment schedules. The County remains in compliance with these policies. Smith County maintained a formal Capital Improvement Plan for 2023.

#### RELEVANT FINANCIAL POLICIES

Smith County's purchasing and gasoline policies set forth the procedures relating to the authorized use of county credit cards by county employees. The county is currently expanding operations and policies to include the use of P-cards to increase efficiency by eliminating the need for small dollar purchase orders, reducing the number of county checks written and eliminating unnecessary credit card accounts.

#### **MAJOR INITIATIVES**

Continued implementation of the facilities and transportation improvements as identified in the Capital Improvement Plan including a major priority on road reconstruction in the next several years beginning in FY19.

The major portion of the funding for the road reconstruction will come from the 2017 \$39.5M voter approved bond sale. The bonds were planned to be issued in three parts in 2018, 2019, and 2020 in increments of \$12M, \$12M and \$15.5M; however, with the current economic conditions, the 2020 series was issued at \$7.125M with the remaining authorized issuance of \$7.425M in 2021. Another voter approved bond sale occurred in 2021 for \$45M. The first series of this bonds was issued in 2022 for \$17.270M.

In November 2022, the voters approved a \$179M general obligation bond package for the purpose of constructing a new courthouse and parking garage. The bonds were issued in two series in the 2023 fiscal year.

#### AWARDS AND ACKNOWLEDGEMENTS

The Government Finance Officers Association (GFOA) awarded a Distinguished Budget Presentation Award to Smith County for its annual budget document dated October 1, 2022. This was the 19<sup>th</sup> consecutive year. In order to qualify for the Distinguished Budget Presentation Award, the government's budget document was judged to be proficient in several categories including as a policy document, a financial plan, an operations guide, and a communications device.

The Government Finance Officers Association (GFOA) awarded the Certificate of Achievement for Excellence in Financial Reporting to Smith County for the Comprehensive Annual Financial Report dated September 30, 2022. This was the 13<sup>th</sup> consecutive year Smith County has applied and received this award.

This report would not have been possible without the efficient and dedicated services of the entire staff of the Auditor's office and the audit team of Gollob Morgan Peddy PC. I would like to express my appreciation to all members of the department who contributed to the preparation of this report. In addition, I would like to thank the Commissioners Court and the District Judges for their interest and continued support and for the responsive and progressive manner in which they support the financial position and operations of the County. Also, my gratitude goes to all elected officials and employees concerning all matters related to the operation of this office during the past year and for their efforts toward improving County business.

Respectfully submitted,

Ann W. Wilson, CPA Smith County Auditor

FINANCIAL SECTION

#### INDEPENDENT AUDITORS' REPORT

To the Honorable Commissioners' Court of Smith County Tyler, Texas

#### **Report on the Financial Statements**

#### **Opinions**

We have audited the accompanying financial statements of the governmental activities, each major fund and the aggregate remaining fund information of Smith County, Texas, as of and for the year ended September 30, 2023, and the related notes to the financial statements, which collectively comprise the County's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund and the aggregate remaining fund information of Smith County, Texas as of September 30, 2023, and the respective changes in financial position, and where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

#### **Basis for Opinions**

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Smith County, Texas and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

#### Responsibilities of Management for the Financial Statements

Smith County, Texas' management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Smith County, Texas' ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

#### Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

CPAmerica Internationa
Member Crowe Global

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or
  error, and design and perform audit procedures responsive to those risks. Such procedures include examining,
  on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are
  appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of
  Smith County, Texas' internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Smith County, Texas' ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control—related matters that we identified during the audit.

#### Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis (MD&A) on pages 4-17; the budgetary comparison information contained in Schedules 1, and 2 on pages 71–74; the Schedule of Changes in the County's Net Pension Liability and Related Ratios on page 75; the Schedule of Employer Contributions on page 76; the Schedule of Changes in the County's OPEB Liability and Related Ratios - Health Plan on page 77, the Schedule of Employer Contributions - Health Plan on page 78, the Schedule of Changes in the County's Net OPEB Liability - Supplemental Death Benefits Plan on page 79 and the Notes to Required Supplementary Information on page 80 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

#### Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise Smith County, Texas' basic financial statements. The introductory section, additional supplementary information and statistical section are presented for purposes of additional analysis and are not a required part of the basic financial statements. The schedules of expenditures of federal and state awards is presented for purposes of additional analysis as required by the audit requirements of Title 2 U. S. Code of Federal Regulations (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance), and the State of Texas *Uniform Grant Management Standards* are also not a required part of the basic financial statements.

The additional supplementary information and the schedules of expenditures of federal and state awards is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the additional supplementary information and the schedule of expenditures of federal awards are fairly stated in all material respects in relation to the basic financial statements as a whole.

#### Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated March 14, 2024, on our consideration of Smith County, Texas' internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Smith County, Texas' internal control over financial reporting and compliance.

#### MANAGEMENT'S DISCUSSION AND ANALYSIS

This discussion and analysis of the County of Smith's financial performance provides an overview of the County's financial activities for the fiscal year ended September 30, 2023. The MD&A should be read in conjunction with the accompanying transmittal letter, the basic financial statements, and the accompanying notes to those financial statements. The discussion and analysis includes comparative data for prior years of government-wide data.

#### FINANCIAL HIGHLIGHTS

was \$35,187.

Smith County's total government-wide assets and deferred outflows of resources exceeded the liabilities and deferred inflows of resources by \$144,036,689 at the close of the fiscal year ending September 30, 2023. This is an increase of \$32,008,715 from the previous year when assets and deferred outflows of resources exceeded liabilities and deferred inflows of resources by \$112,027,974.

Total net position of the primary government is comprised of the following: Net investment in capital assets of \$99,038,835 includes land, improvements, buildings, infrastructure, intangible assets, construction in progress, and other capital assets, net of accumulated depreciation, and is reduced by outstanding debt, net of unspent proceeds, related to the purchase or construction of capital assets. Of the total net position, \$16,407,896 is restricted by constraints imposed from outside the County such as debt obligations, laws, and regulations. Unrestricted net position is \$28,859,958. As of September 30, 2023, Smith County governmental funds reported combined fund balances of \$275,483,047. This reflects an increase of \$172,238,819 from the previous fiscal year that is primarily due to the issuance of the voter approved tax and revenue bonds for the construction of a parking structure and new courthouse. The current year total consists of a combined nonspendable fund balance of \$673,209, restricted fund balance of \$199,149,998, committed fund balance of \$25,718,629, and unassigned fund balance of \$49,941,211 for fiscal year 2023. The general fund is used to account for the general operations of the county. At the end of the fiscal year, the nonspendable fund balance was \$629,098 and the unassigned fund balance was \$50,288,014. The Road & Bridge Fund is used to account for construction, maintenance, repair or operation of roads, streets, highways, or other related facilities. The committed fund balance for the Road & Bridge Fund at fiscal year end was \$18,826,574 and the nonspendable fund balance

The nonmajor governmental funds had a combined total fund balance at September 30, 2023 of \$48,144,741. Of that amount, \$8,924 is nonspendable, \$6,892,055 is committed, a negative \$346,803 is unassigned and \$41,590,565 is restricted.
In fiscal year 2023, the County issued tax and revenue bonds in the amount of \$170,505,000.
Smith County's general obligation debt increased by \$164,385,000. Total general obligation debt at the end of fiscal year 2023 is \$215,660,000.

#### **OVERVIEW OF THE FINANCIAL STATEMENTS**

This discussion and analysis is intended to introduce the reader to the County's basic financial statements. These statements are comprised of three components 1) Government-wide financial statements; 2) Fund financial statements, and 3) Notes to the basic financial statements. Required supplementary information is included in addition to the basic financial statements.

Government-wide Financial Statements are designed to provide readers with a broad overview of Smith County's finances, in a manner similar to a private-sector business. They include a *Statement of Net Position* and a *Statement of Activities*. Both of these statements are presented using the accrual method of accounting; therefore, revenues and expenses are taken into account regardless of when cash is received or when liabilities are paid.

The *Statement of Net Position* presents information on the assets, deferred outflows of resources, liabilities, and deferred inflows of resources for Smith County. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of Smith County is improving or deteriorating. There are other non-financial factors, such as changes in the County's property tax base and the condition of the County's roads and facilities that should be considered to assess the overall health of the County.

The *Statement of Activities* presents information showing how Smith County's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of the related cash flows. Due to a full accrual presentation, revenues and expenses are reported in this statement for some items that will result in cash flows in future fiscal periods.

Both of the government-wide financial statements distinguish functions of Smith County that are principally supported by taxes and intergovernmental revenues (*governmental activities*) from other functions that are intended to recover all or in part a portion of their costs through user fees and charges (*business-type activities*). The governmental activities of Smith County include general government, judicial, public safety/law enforcement, health and welfare, public transportation, and community and economic development. The County has no business-type activities and no component units.

Fund Financial Statements are groupings of related accounts that are used to maintain control

over resources that have been segregated for specific activities or objectives. Smith County, like other state and local governments, uses fund accounting to ensure and demonstrate finance-related legal compliance. All of the funds of Smith County can be divided into three categories: governmental funds, proprietary funds, and fiduciary funds.

Governmental Funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental funds financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating the County's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental funds balance sheet and the governmental funds statement of revenues, expenditures, and changes in fund balance provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

Information is presented separately in the governmental funds balance sheet and in the governmental funds statement of revenues, expenditures and changes in fund balances for the General Fund, Road & Bridge Fund, and Other Governmental Funds. Data from other governmental funds is combined into a single, aggregated presentation.

**Proprietary Funds** provide the same type of information as the government-wide financial statements, only in more detail. The Internal Service Fund (a component of proprietary funds) is used to report activities that provide supplies and services for other programs and activities, such as the County's self-insurance program. Because these services predominantly benefit governmental rather than business-type functions, the Internal Service Fund is reported with governmental activities in the government-wide financial statements.

**Fiduciary Funds** are used to account for resources held for the benefit of parties outside the government. Smith County's fiduciary activities are reported in a separate Statement of Fiduciary Assets and Liabilities. These activities are excluded from the County's other financial statements since the County cannot use these assets to finance its operations. The accounting used for fiduciary funds is much like that used for proprietary funds. The County is responsible for ensuring that the assets reported in these funds are used for their intended purposes.

**Notes to the Basic Financial Statements** provide information that is essential to a full understanding of the data provided in the government-wide and fund financial statements.

Required Supplementary Information is in addition to the basic financial statements and accompanying notes and presents a budgetary comparison schedule, which includes the original and final amended budget and actual figures.

#### **GOVERNMENT-WIDE FINANCIAL ANALYSIS**

As noted earlier, net position may serve over time as a useful indicator of a government's financial position. In the case of the County, assets and deferred outflows of resources exceeded liabilities and deferred inflows of resources by \$144,036,689 for fiscal year 2023 and \$112,027,974 for fiscal year 2022. Revenues exceeded expenses during the current year, increasing net position by \$32,008,715.

## **Smith County Net Position**

The County's net position for the fiscal years ended September 30, 2022 and 2023 are summarized as follows:

	Governmental Activities FY22		Governmental Activities FY23	
Current & Other Assets	\$	166,038,809	\$	322,641,933
Capital Assets (net of depreciation)		114,460,308		140,664,353
Total Assets	\$	280,499,117	\$	463,306,286
Deferred Outflows of Resources				
Deferred Charge on TCDRS Pension & OPEB	\$	10,045,154	\$	32,300,911
	\$	10,045,154	\$	32,300,911
Current & Other Liabilities	\$	43,443,900	\$	47,795,939
Long-term Liabilities		98,934,964		272,465,793
Total Liabilities	\$	142,378,864	\$	320,261,732
Deferred Inflows of Resources				
Deferred Charge on TCDRS Pension & OPEB	\$	36,137,433	\$	31,308,776
<u> </u>	\$	36,137,433	\$	31,308,776
Net Position:				
Net Investment in Capital Assets	\$	84,735,514	\$	99,038,835
Restricted		13,912,699		16,407,896
Unrestricted		13,379,761		28,589,958
Total Net Position	\$	112,027,974	\$	144,036,689

The largest portion of the County's current fiscal year net position, \$99,038,835 is invested in capital assets (e.g. land, improvements, buildings, equipment, and infrastructure) less any related outstanding debt used to acquire those assets. The primary use of these capital assets is to provide services to citizens; therefore, these assets are not available for future spending. Although the County's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities. Another balance of net position represents resources that are subject to external restriction on how they may be used. Restrictions include \$5,936,800 for records management, \$1,254,763 for courthouse security and \$9,216,333 for other purposes. The remaining portion of the net position is unrestricted net position, which is \$28,589,958.

The County's net position increased by \$32,008,715 during the current fiscal year. Key components of the increase include the following:

- Unrestricted net position increased as a result of strong revenue collections and trends, and moderating levels of expenses for several key areas.
- Capital assets increased by \$26,204,045 as the County continued implementing its adopted capital improvement plan. The County made significant improvements to county buildings and infrastructure in 2023 and the Parking Structure project is under way.
- Governmental Accounting Standards Board Statement 68 required that the County recognize its net pension liability as a long-term liability.

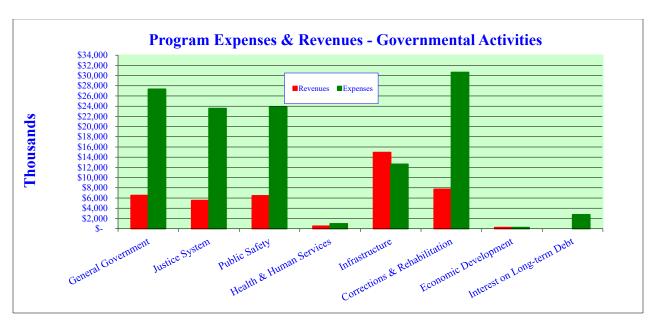

## **Governmental Activities**

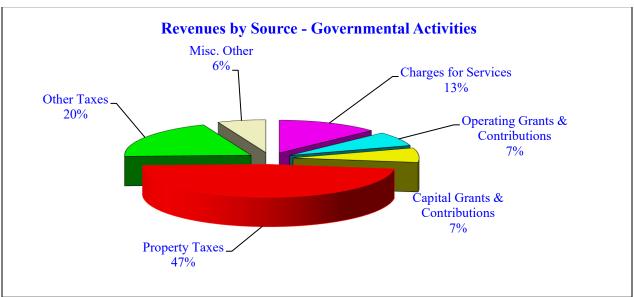

Governmental activities increased Smith County's net position by \$32,008,715.

The following table indicates changes in net position for the governmental activities.

## **Smith County's Changes in Net Position**

		Governmental ctivities 2022		Sovernmental etivities 2023
Net Program Revenues:				
Charges for Services	\$	19,086,010	\$	20,006,499
Operating Grants & Contributions		8,072,052		10,909,444
Capital Grants & Contributions		10,350,803		10,939,520
General Revenues:				
Property Taxes		65,085,868		72,698,640
Sales & Other Taxes		28,366,684		29,835,293
Rentals & Commissions				
Reimbursements				
Miscellaneous		176,821		180,880
Gain (Loss) in Sale of Assets		(10,284)		101,095
Proceeds from leases		351,879		185,386
Proceeds from SBITAs				1,384,154
Interest		1,363,603		7,620,466
Total Revenues	\$	132,843,436	\$	153,861,377
Expenses:				
General Government	\$	24,748,638	\$	27,336,696
Justice System		20,559,327		23,550,551
Public Safety		20,147,187		23,801,747
Health & Human Services		3,503,083		961,835
Conservation				
Infrastructure		11,555,874		12,623,330
Corrections & Rehabilitation		29,613,043		30,623,047
Community & Economic Development		300,382		226,618
Interest on Long-term Debt		913,115		2,728,838
Total Expenses	\$	111,340,649	\$	121,852,662
Change in Net Position	\$	21,502,787	\$	32,008,715
Net Position - Beginning	7	90,525,187	7	112,027,974
Prior Period Adjustment		-		
Net Position - Ending	\$	112,027,974	\$	144,036,689

Key elements of the analysis of government-wide revenues and expenses reflect the following:

- Program revenues of \$41,855,463 equaled 34% of governmental expenses of \$121,852,662. As expected, general revenues of \$112,005,914 and fund balance provided the additional support and coverage for expenses.
- Approximately 25% of the expenses are for Corrections & Rehabilitation (\$30,623,047) while this category provided about 5% of the total revenues of \$153,865,624.
- The next largest category of expenses is General Government (\$27,336,696) at 22%. General Government expense increases are primarily due to increases in salaries and benefits.

- ❖ Judicial activities accounted for 20% of governmental expenses while the category provided 4% of total revenues.
- ❖ Public Safety activities accounted for 20% of governmental expenses while this category provided 4% of total revenues.
- Infrastructure (Road & Bridge) accounted for 10% of governmental expenses while this category provided 10% of total revenues.
- ❖ Grant revenues and contributions comprised about 14% of total revenues.

## FINANCIAL ANALYSIS OF GOVERNMENTAL FUNDS

As noted earlier, the County uses fund accounting to ensure and demonstrate compliance with finance related legal requirements. Fund accounting and budget controls provide the framework for the County's strong fiscal management and accountability. The County has an AA2/AA+ bond rating.

Governmental Funds - The general government functions are reported in the General, Special Revenue, Debt Service, and Capital Project Funds. The focus of Smith County's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing Smith County's annual financing and budgeting requirements. In particular, unreserved fund balance may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

As of the end of the current fiscal year, the County's governmental funds reported combined ending fund balances of \$275,483,047. Approximately \$199,149,998 or 72% are restricted; \$25,718,629 or 9% are committed; \$49,941,211 or 18% are unassigned and \$673,209 are non-spendable.

Smith County's General Fund is the primary operating fund of the County. At the end of the current fiscal year, the fund balance in the County's General Fund was \$50,917,112. As a measure of the general fund's liquidity, we compare the fund balance to the total fund expenditures and other financing uses. The fund balance in the County's general fund represents approximately 58% of the County's general fund expenditures and other financing uses. The minimum general fund budgetary target for reserves is 25% of expenditures. The fund balance of the County's general fund decreased by \$1,647,227 during the current fiscal year. The decrease was attributable to a planned draw down by transferring unrestricted funds from the general fund to the Road & Bridge Fund to supplement infrastructure construction costs in excess of bond proceeds.

The road & bridge fund accounts for monies designated for the acquisition, construction and maintenance of county roads & bridges. The fund has a total fund balance of \$18,861,761 all of which is committed by the Commissioners Court. The fund balance increased by \$13,826,952 from the previous year which included \$11M as the planned draw down of the General Fund unrestricted fund balance as referenced above.

Fiscal year 2023 also included the issuance of voter approved bonds for the construction of a new parking facility in the amount of \$18,170,000 and a new courthouse issuance in the amount of \$152,335,000.

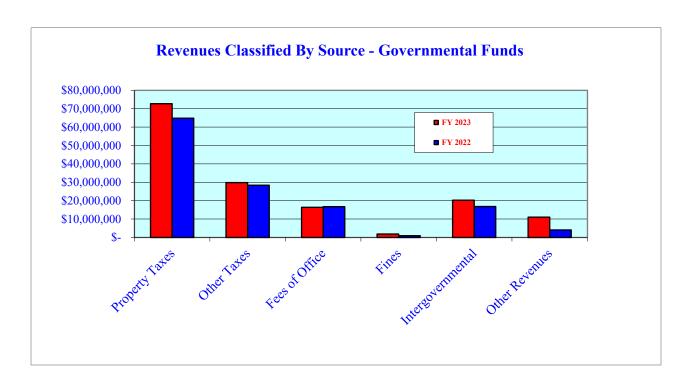

The Infrastructure Improvement Funds are used to account for the construction costs associated with the general obligation bonds issued in FY19, FY20, FY21 and FY22 for road & bridge improvements. Complete details about the status of road and bridge projects and resource documents can be found at <a href="https://www.smith-county.com/i-want-to/view/county-road-projects">https://www.smith-county.com/i-want-to/view/county-road-projects</a>.

The debt service fund has a total fund balance of \$598,638, an increase of \$284,313 as compared with the prior year.

The following table presents the amount of revenues from various sources as well as increases or decreases from the prior year.

Governmental Funds - Revenues Classified by Source

Revenues by Source	FY 2023	FY 2022	Increase Decrease)	Percent of Change
Property Taxes	\$ 72,695,757	\$ 64,854,155	\$ 7,841,602	12.09%
Other Taxes	29,835,293	28,366,684	1,468,609	5.18%
Fees of Office	16,357,990	16,713,340	(355,350)	-2.13%
Fines	1,856,332	901,161	955,171	105.99%
Intergovernmental	20,222,636	16,795,611	3,427,025	20.40%
Other Revenues	 11,010,929	4,065,884	6,945,045	170.81%
Total Revenues	\$ 151,978,937	\$ 131,696,835	\$ 20,282,102	15.40%

Property Taxes - the increase of \$7,841,602 was primarily due to issuance of new debt and an increase in taxable values and new construction. Smith County had a 15.6% increase in the Net Taxable Value over the previous year.

Other Taxes – the increase of \$1,468,609 is primarily due to sales tax revenue increases from the previous year and increased mixed beverage tax collections.
Fees of Office & Fines - are impacted by the volume and flow of cases, as well as collection efforts. The county is stabilizing from the decrease in revenue attributed to effects of COVID-19 on the judicial proceedings and the addition of new district court.
The change in Intergovernmental Revenue is attributed mostly to the State and Federal funding received for COVID-19 Relief.

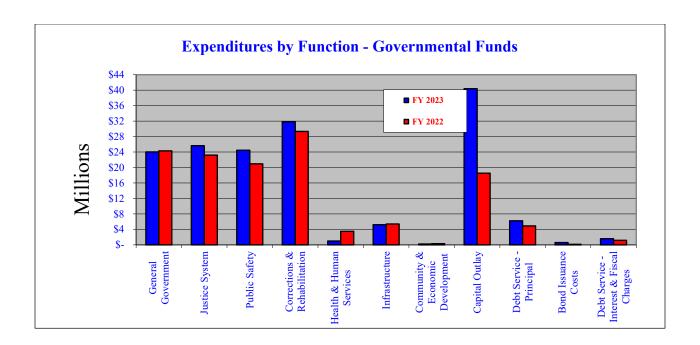

The following table presents expenditure by function compared to prior year amounts.

**Expenditures by Function - Governmental Funds** 

Expenditures by Function	FY 2023	FY 2022	Increase (Decrease)	Percent of Change
General Government	\$ 24,038,120	\$ 24,306,109	\$ (267,989)	-1.10%
Justice System	25,651,067	23,201,277	2,449,790	10.56%
Public Safety	24,464,786	20,947,527	3,517,259	16.79%
Corrections & Rehabilitation	31,822,335	29,319,416	2,502,919	8.54%
Health & Human Services	988,570	3,495,664	(2,507,094)	-71.72%
Infrastructure	5,208,334	5,393,425	(185,091)	-3.43%
Community & Economic Development	226,618	300,382	(73,764)	-24.56%
Capital Outlay	40,365,158	18,519,149	21,846,009	117.96%
Debt Service - Principal	6,220,547	4,890,290	1,330,257	27.20%
Bond Issuance Costs	591,288	136,250	455,038	333.97%
Debt Service - Interest & Fiscal Charges	1,582,052	1,175,506	406,546	34.58%
	\$ 161,158,875	\$ 131,684,995	\$ 29,473,880	22.38%

Overall, total expenditures increased by approximately 22.38%. The increase in expenditures in General Government, Public Safety & the Justice System are primarily due to the wage increases necessary for employee retention during this inflationary period and the start-up costs for an additional district court. The additions in capital outlay are attributed to the increase of the voter approved capital projects. The decreases in expenditures from the previous fiscal year for Health & Human Services are indicative of the slowing down of expenditures due to COVID related activities.

#### **OPERATING FUNDS - BUDGETARY HIGHLIGHTS**

The budget is prepared in accordance with accounting principles generally accepted in the United States of America by the County Budget Officer and approved by the Commissioners Court following a public hearing. Appropriated budgets are approved and employed as a management control device during the year. The County maintains strict budgetary controls and sets its appropriations at the category level (i.e. salaries, benefits, operating expenses, and capital) for each department. Appropriation transfers may be made between select categories or departments only with the approval of the Commissioners Court.

The following are significant variations between the final budget and actual amounts in the general fund.

Actual general fund revenues were higher than budgeted by \$5,898,119 primarily due to the continued growth from sales tax revenue in Smith County.

Actual expenditures were 94% of the amended budget. Operational savings from budgeted amounts were primarily from salary lag and unused contingency funds.

#### **DEBT ADMINISTRATION AND CAPITAL ASSETS**

**Long-term Debt** - At September 30, 2023, Smith County had voter approved general obligation and tax & revenue bonds outstanding in the amount of \$215,660,000. The County's bond rating is AA2 from Moody's and AA+ from Standard and Poor's. In compliance with Governmental Accounting Standards Board (GASB) Statement 45, Smith County began reporting the Other Post Employment Benefit (OPEB) obligation in FY09.

The following represents the activity of the long-term debt of the County for FY2023.

	Beginning					
	Balance		Additions	Reductions	<b>Ending Balance</b>	
Governmental Activities:						
General Obligation Bonds	\$	51,275,000	\$ -	\$ 6,120,000	\$	45,155,000
Tax & Revenue Bonds		-	170,505,000	-		170,505,000
Bond Premium, Net		2,460,338	9,089,505	431,687		11,118,156
<b>Total Bonds Payable</b>		53,735,338	179,594,505	6,551,687		226,778,156
Compensated Absences		4,763,478	5,045,073	5,293,662		4,514,889
Net OPEB Liability		40,121,260	-	9,274,478		30,846,782
Net Pension Liability		-	17,330,915	-		17,330,915
Financed Purchases		100,547	-	100,547		-
Lease Liability		214,341	181,422	128,952		266,811
SBITA Liability		658,267	918,951	254,564		1,322,654
Total	\$	99,593,231	\$ 203,070,866	\$21,603,890	\$	281,060,207

Additional information on the County's long-term debt can be found in note VIII of this report.

Capital Assets - The capital assets of Smith County are those assets (land, buildings, improvements, roads & bridges, and machinery & equipment), which are used in the performance of the County's functions including infrastructure assets. At September 30, 2023, net capital assets of the governmental activities totaled \$140,664,353. Depreciation on capital assets is recognized in the Government-wide financial statements.

#### **Smith County's Capital Assets**

		Cost	ccumulated epreciation	]	Net Capital Assets
Governmental Activities:					
Capital Assets not depreciated:					
Land	\$	3,927,000	\$ -	\$	3,927,000
Construction in Progress		7,180,807	-		7,180,807

<b>Total Capital Assets, Net</b>				\$	140,664,353

Additional information on the County's capital assets can be found in note VI of this report.

#### **ECONOMIC FACTORS AND NEXT YEAR'S BUDGET AND RATES**

The annual budget is developed to provide efficient and economic uses of Smith County's resources, as well as, a means to accomplish the highest priority objectives. Through the budget, the County Commissioners set the direction of the County, allocate its resources and establish its priorities.

In considering the Smith County budget for FY2024, the County Commissioners and management considered the following factors:

Property tax revenues are budgeted to slightly increase in FY24 due to continued growth in both value and new construction and the increase in the debt service rate due to the new debt issuances.
Revenues were estimated with the usual conservative approach but adjusted to recognize continued growth in sales tax.
Interest rates have increased and adjusted to reflect current economic conditions.

#### PENSION AND OTHER POST EMPLOYMENT BENEFIT PLANS

The County is committed to fund pensions and retiree healthcare that is fair to both employees and taxpayers and can be sustained over the long term.

Effective for the fiscal year 2015, Governmental Accounting Standards Board (GASB) Statement No. 68, *Accounting and Financial Reporting for Pensions* created specific reporting requirements for pensions that are different than those used for funding purposes. Both valuations are important as the reporting valuation provides a standard measure that can be used to compare pension liabilities to other governments and the funding valuation includes strategies for repaying any unfunded actuarial accrued liabilities. During the year ended September 30, 2023, due primarily to favorable market conditions in the 2022 calendar year, the pension plan's net position was a net asset. In prior years, the net position had been a liability. For more information, see Note XII-Defined Benefit Pension Plan.

The County provides retirement benefits through the statewide Texas County and District Retirement System (TCDRS). TCDRS is governed by a Texas state statute which requires the County to contribute the annually determined contribution rate or modify plan benefits.

The Required Supplemental Information (RSI) section contains a schedule regarding the changes in net pension liability and related ratios, which is based on reporting valuation and a schedule of contributions which is based on the funding valuation. Effective for the fiscal year 2018, GASB Statement No. 75 Accounting for Postemployment Benefits Other than Pensions implemented similar requirements to GASB 68 for Post-Employment Plans (OPEB) other than pensions. As a result, the County has included schedules for its Health and Supplemental Death Benefit Plans that include similar information to its pension schedules.

## **REQUEST FOR INFORMATION**

This financial report is designed to provide our citizens, taxpayers, and investors with a general overview of the County's finances and to show the County's accountability for the money it receives. If you have questions about this report, or need any additional financial information, contact the appropriate financial office (County Auditor, County Treasurer or County Judge) at 200 E. Ferguson St., Tyler, Texas 75702 or visit the County's website at <a href="https://www.smith-county.com">www.smith-county.com</a>.

# SMITH COUNTY, TEXAS RECONCILIATION OF THE GOVERNMENTAL FUNDS BALANCE SHEET TO THE STATEMENT OF NET POSITION (EXHIBIT 1) SEPTEMBER 30, 2023

Amounts reported for governmental activities in the statement of net position (Exhibit 1) are different because:

Total fund balances governmental funds (Exhibit 3)	\$ 275,483,047
Capital assets used in governmental activities are not current financial resources and therefore, are not reported in the governmental funds balance sheet.	140,664,353
Equity in an affiliated joint venture is included in governmental activities in the statement of net position.	2,405,384
Other long-term assets are not available to pay for current-period expenditures and, therefore, are reported as unavailable revenue in the governmental funds balance sheet.	2,395,171
Interest payable on long-term debt does not require current financial resources. Therefore interest payable is not reported as a liability in governmental funds balance sheet.	(1,227,685)
Internal service fund is used by management to charge the costs of health insurance to individual funds.  The assets and liabilities of the internal service fund are included in governmental activities in the statement of net position.	4,237,842
Net other post employment benefit liability in governmental activities does not require current financial resources and therefore are not reported in the governmental funds balance sheet.	(48,177,696)
Long term liabilities, including bonds payable, are not due and payable in the current period and therefore are not reported in the governmental funds balance sheet.	(232,882,511)
Contributions to the pension plan in the current fiscal year are deferred outflows of resources on the Statement of Net Position as well as the differences between expected and actual experience and the net difference between projected and actual earnings.	31,987,227
Differences between expected and actual pension experience are deferred inflows on the Statement of Net Position	(20,679,421)
Contributions to the OPEB plans in the current fiscal year are deferred outflows of resources on the Statement of Net Position as well as the differences between expected and actual experience and the net difference between projected and actual earnings.	313,684
Differences between expected and actual OPEB experience are deferred inflows on the Statement of Net Position	(10,482,706)
Net position of governmental activities	\$ 144,036,689

### **EXHIBIT 6**

### **SMITH COUNTY, TEXAS**

## RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES AND CHANGES IN FUND BALANCES OF GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES (EXHIBIT 2) FOR THE YEAR ENDED SEPTEMBER 30, 2023

Amounts reported for governmental activities in the statement of activities (Exhibit 2) are different because:

Net change in fund balances - total governmental funds	\$ 172,238,819
Governmental funds report capital outlays as expenditures. However, in the statement of activities the cost of those assets is allocated over their estimated useful lives	
and reported as depreciation expense. This is the amount by which depreciation in the current period was less than capital outlay for County owned assets.	24,777,968
The net effect of various miscellaneous transactions involving capital assets (i.e., sales, trade-ins, and donations) is to decrease net position.	(34,939)
The net increase of the equity in investment in an affiliated joint venture is reflected on the statement of activities.	90,244
Revenues in the statement of activities that do not provide current financial resources are not reported as revenues in the governmental funds.	2,883
Governmental funds report all payments to other post employment benefits as expenditures. However, in the government-wide statement of activities the actuarial annually required contribution is considered an expense. Any deficit amount is considered a liability. Change in net other post employment benefits liability.	9,867,146
The issuance of long-term debt (e.g. bonds) provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net position. Also, governmental funds report the effect of premiums, discounts, and similar items when debt is first issued; whereas the amounts are deferred and amortized in the statement of activities. This amount is the net effect of these differences in the treatment of long-term debt and related items.	(172,942,271)
Some expenses reported in the statement of activities do not require the use of current financial resources; therefore, they are not reported as expenditures in governmental funds. This amount reflects the change in the accrued liability for compensated absences and change in pension expense as a result of GASB 68.	976,555
Accrued interest expense on long-term debt is reported in the government-wide statement of activities and changes in net position, but does not require the use of current financial resources; therefore, accrued interest expense is not reported as an expenditure in governmental funds.	(1,073,077)
Internal service fund is used by management to charge the costs of health insurance to individual funds. The net revenue of the internal service fund is reported with governmental activities.	 (1,894,612)
Change in net position of governmental activities	\$ 32,008,716

The notes to the basic financial statements are an integral part of this statement.

### I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

### A. Reporting Entity

Smith County (the County) is a public corporation and political subdivision of the State of Texas. The Commissioners' Court, which is made up of four commissioners and the County Judge, is the general governing body of the County in accordance with Article 5, Paragraph 18 of the Texas Constitution. The County provides the following services as authorized by the statutes of the State of Texas: general government (e.g., tax collection), justice system (courts, juries, district attorney, etc.), public safety (sheriff, constables, etc.), corrections and rehabilitation (jail and community supervision), health and human services (assistance to indigents, veteran services, etc.), conservation, and infrastructure and environmental (streets and highways).

The accounting and reporting policies of the County relating to the funds included in the accompanying basic financial statements conform to accounting principles generally accepted in the United States of America (GAAP) applicable to state and local governments. Generally accepted accounting principles for local governments include those principles prescribed by the Governmental Accounting Standards Board (GASB), the American Institute of Certified Public Accountants in the publication entitled *State and Local Governments – Audit and Accounting Guide* and by the Financial Accounting Standards Board (when applicable). The more significant accounting policies of the County are described below.

The basic financial statements are prepared in conformity with GASB Statement No. 34, *Basic Financial Statements and Management's Discussion and Analysis for State and Local Governments*, which requires the government-wide financial statements to be prepared using the accrual basis of accounting and the economic resources measurement focus. Significantly, the County's statement of net position includes both noncurrent assets and noncurrent liabilities of the County. In addition, the government-wide statement of activities reflects depreciation expenses on the County's capital assets, including infrastructure.

For financial reporting purposes, based on standards established by GASB Statement No. 14, *The Financial Reporting Entity*, and GASB Statement No. 39, *Determining Whether Certain Organizations are Component Units*, this financial statement presents the County (the primary government) and its component units. Component units generally are legally separate entities for which a primary government is financially accountable. Financial accountability ordinarily involves meeting both of the following criteria; the primary government appoints the voting majority of its board and the primary government is able to impose its will upon the potential component unit, or there is a possibility that the potential component unit may provide specific financial benefits or impose specific financial burdens on the primary government. Under these standards, the County has no component units which are required to be reported, discretely or blended, in combination with the primary government.

### GOVERNMENT-WIDE FINANCIAL STATEMENTS

The government-wide financial statements include the Statement of Net Position and the Statement of Activities. Government-wide statements report, except for County fiduciary activity, information on all the activities of the County. The effect of interfund transfers has been removed from the government-wide statements, with the exception of interfund services provided and used, but continues to be reflected on the fund statements. Governmental activities are supported mainly by taxes and intergovernmental revenues are reported separate from certain legally separate component units for which the government is financially accountable.

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. This measurement focus is also used for the proprietary funds included in the fund financial statements. Under this measurement focus, revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Fines and forfeitures are recognized when they have been assessed and adjudicated and earned. Grants are recognized as revenue when all applicable eligibility requirements imposed by the provider are met.

### I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

### B. Measurement Focus, Basis of Accounting and Financial Statement Presentation

The Statement of Activities reflects the degree to which the direct expenses of the County's programs are offset by those programs' revenues. Direct expenses are those that are clearly identifiable with a specific function. Program revenues include 1) charges to customers or applicants who purchase, use or directly benefit from goods, services or privileges provided by a given function and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular program or function. Program revenues for governmental activities include those generated from general government, judicial, public safety, health and human service, corrections and rehabilitation, and community and economic development. Taxes and other items not properly included in program revenues are reported as general revenues.

Separate fund financial statements are provided for governmental funds and fiduciary funds even though the latter are excluded from the government-wide financial statements. The General Fund, the Road and Bridge Fund, COVID 19 Relief Grants Fund and the Courthouse Construction Series 2023 Fund are classified as **major governmental funds**. Each major fund is reported in separate columns in the fund financial statements. Non-major funds include Special Revenue, Capital Projects, and Debt Service funds. The combined amounts for these funds are reflected in a single column in the fund Balance Sheet and Statement of Revenues, Expenditures, and Changes in Fund Balances. Detailed statements for all non-major funds are presented within Combining Schedules.

### FUND-LEVEL FINANCIAL STATEMENTS

Fund level financial statements are reported using current financial resources measurement focus and the modified accrual basis of accounting. Under the modified accrual basis, revenues are recognized as soon as they are both measurable and available. "Measurable" means the amount of the transaction can be determined and "available" means collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period. The County considers revenues as available if they are collected within 60 days after the fiscal year ends. Expenditures generally are recorded when a fund liability is incurred; however, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due.

Property tax revenues, the County's primary revenue source, is susceptible to accrual and is considered available to the extent of delinquent taxes collected within 60 days after the end of the fiscal period. Grant and entitlement revenues are also subject to accrual. Encumbrances are used during the year and lapse at the end of the year. Valid outstanding encumbrances (those for which performance under the executory contract is expected in the next year) are re-appropriated and become part of the subsequent year's budget.

Governmental funds are accounted for using the current financial resources measurement focus. This means that only current assets, current liabilities, and current deferred outflows/inflows of resources are generally included on their balance sheet. Their reported fund balance (net current assets and current deferred outflows of resources) is considered a measure of "available spending resources." Governmental fund operating statements present increases (revenues and other financing sources) and decreases (expenditures and other financing uses) in net current assets and current deferred outflows of resources. Accordingly, they are said to present a summary of sources and uses of "available spendable resources" during a period.

All proprietary funds are accounted for using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Claims incurred, but not reported are included in payables and expenses. All assets, liabilities, and deferred outflows/inflows of resources (current and noncurrent) associated with their activities are included in the fund's statement of net position.

### I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

### B. Measurement Focus, Basis of Accounting and Financial Statement Presentation - Continued

The County's accounts are organized and operated on the basis of funds, each of which is considered a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets, liabilities, deferred outflows/inflows of resources, fund balance, revenues and expenses or expenditures. Government resources are allocated to and accounted for in individual funds based upon the purpose for which they are to be spent and the means by which spending activities are controlled. Separate financial statements are provided for governmental funds, proprietary funds and fiduciary funds, although the latter are excluded from the government-wide statements.

The government reports the following major governmental funds:

The **General Fund** is the general operating fund of the County and is always classified as a major fund. The General Fund is used to account for all financial resources except those required to be accounted for in another fund. Major revenue sources include property taxes, charges for services, intergovernmental revenues and investment of idle funds. Primary expenditures are for general government, justice system, public safety, corrections and rehabilitation, health and human services, and infrastructure and environmental.

The **Road and Bridge Special Revenue Fund** accounts for the activities associated with the building, maintaining or improving roads, highways, and bridges within the County, including maintenance of road and bridge facilities. Major revenue sources include property taxes and charges for services.

The COVID 19 Relief Grants Fund accounts for the receipt and expenditure of grants received from State of Texas and Federal sources to provide economic relief for the County and its citizens due to the COVID 19 pandemic.

The Courthouse Construction Series 2023 Fund accounts for the bond proceeds from the 2023 issuance of bond debt for construction of the new courthouse by the County.

Other Fund types include proprietary and fiduciary funds which are considered as nonmajor funds. Nonmajor funds include special revenue funds, capital projects funds, and debt service funds.

**Proprietary fund level financial statements** are used to account for activities, which are similar to those often found in the private sector. The measurement focus is upon determination of net income, financial position and cash flows. Internal Service funds are used to account for the financing of goods or services provided by one department or agency of the County to other County departments or agencies on a cost reimbursement basis.

The County has two proprietary funds which are classified as internal service funds: 1) The Insurance Fund used to account for the County's group medical self-insurance program. Revenues are derived from County contributions, employee and retiree/COBRA premiums, investment of idle funds and stop loss collections. Expenses are for claims and administrative expenses. 2) The Payroll fund acts as an agent for the payroll processing of the County's departments. The fund operates as a custodial fund, where liabilities are recorded when monies are received. However, this fund is the recipient of interest and incurs certain related expenses. The residual interest and related expenditures result in fund net postions.

The **Proprietary funds** are accounted for using the accrual basis of accounting as follows:

- 1. Revenues are recognized when earned, and expenses are recognized when the liabilities are incurred.
- 2. Current year contributions, administrative expenses and benefit payments, which are not received or paid until the subsequent year, are accrued.

### I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

### B. Measurement Focus, Basis of Accounting and Financial Statement Presentation - Continued

Proprietary funds distinguish operating revenues and expenses from non-operating. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations (e.g. insurance payments).

**Fiduciary fund level financial statements** include fiduciary funds which are classified into pension (and other employee benefit) trust funds, external investment, private purpose trust and custodial funds. The County has only custodial funds which are used to account for assets held by the County as an agent for individuals, private organizations, and other governments. Custodial funds do not involve a formal trust agreement. The County reports fourteen custodial funds as fiduciary funds.

### C. Assets, Liabilities, Deferred Outflows/Inflows of Resources, and Net Position or Fund Balance

### 1. Deposits and Investments

The County's cash and cash equivalents are considered to be cash on hand, demand deposits and short-term investments. State statutes and the County's official Investment Policy authorize the County to invest in repurchase agreements, certificates of deposit, direct obligations of the U.S. Government and agency securities, money market mutual funds, and managed public funds investment pools.

The County records investments at fair value, except for certificates of deposit and investments in government pools, which are recorded at amortized cost. Amortized cost approximates fair value. Fair value is the amount at which a financial instrument could be exchanged in a current transaction between willing parties. All investment income is recognized as revenue in the appropriate fund's statement of activity and or statement of revenues, expenditures, and changes in fund balance.

### 2. Receivables and Payables

Property taxes are levied based on taxable value at January 1 prior to September 30 and become due October 1 and past due after January 31. Accordingly, receivables and revenues for property taxes are reflected on the government-wide statement based on the full accrual method of accounting. Property tax receivables for prior year's levy are shown net of an allowance for uncollectible amounts.

Accounts receivable from other governments include amounts due from grantors for approved grants for specific programs and reimbursements for services performed by the County. Program grants are recorded as receivables and revenues at the time eligibility requirements established by the grantor have been met.

Amounts reported as program revenues include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants and contributions (including special assessments) that are restricted to meeting the operational or capital requirements of a particular function or segment. All taxes, including those dedicated for specific purposes, and other internally dedicated resources are reported as general revenues rather than as program revenues.

Lending or borrowing between funds is reflected as "due to or due from" (current portion) or "advances to/from other funds" (non-current). Interfund activity reflected in "due to or due from" is eliminated on the government-wide statements.

### I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

### C. Assets, Liabilities, Deferred Outflows/Inflows of Resources, and Net Position or Fund Balance - Continued

### 3. Prepaid Items

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both government-wide and fund financial statements. The fund financial statements are offset by a reservation of fund balance which indicates they do not represent "available spendable resources." Prepaids are accounted for using the consumption method. Under the consumption method, prepaids are recorded as expenditures when they are used.

### 4. Capital Assets

Capital assets, which include land, buildings, improvements, machinery and equipment, and infrastructure assets (e.g., roads and bridges) are reported in the government-wide financial statements. Capital assets such as equipment are defined as assets with a cost of \$5,000 or more and estimated useful lives in excess of one year. Infrastructure assets, which include County-owned roads and bridges, are capitalized with a cost of \$50,000 or more. Capital assets are recorded at historical costs if purchased or constructed. Donated capital assets, donated works of art, and similar items, and capital assets received in a service concession arrangement are recorded at acquisition value at the date of acquisition. Acquisition value is the price that would be paid to acquire an asset with equivalent service potential in an orderly market transaction at the acquisition date.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets lives are not capitalized. Capital assets are depreciated using the straight-line method over the following estimated useful lives:

Assets	Years
Buildings	30
Building improvements	15 to 25
Infrastructure	20 to 45
Machinery and equipment	3 to 15

### 5. Construction-in-Progress

Expenditures on incomplete capital projects have been capitalized as construction-in-progress. The assets resulting from these projects will be transferred from the construction-in-progress accounts to the appropriate asset account as the projects are completed.

### 6. Compensated Absences

A liability for unused vacation and sick time for all full time employees is calculated and reported in the government-wide statements. For financial reporting, the following criteria must be met to be considered as compensated absences:

- leave or compensation is attributable to services already rendered
- leave or compensation is not contingent on a specific event (such as illness)

Per GASB Interpretation No. 6, liabilities for compensated absences are recognized in the fund statements to the extent the liabilities have matured (i.e., are due for payment). Compensated absences are accrued in the government-wide statements.

### I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

### C. Assets, Liabilities, Deferred Outflows/Inflows of Resources, and Net Position or Fund Balance - Continued

### 6. Compensated Absences - Continued

Permanent full-time employees earn vacation leave at an established rate according to their years of service and may accumulate up to 18 days if years of service are less than 10 years, 24 days if years of service are 10-20 years, and 30 days if years of service are greater than 20 years. Employees lose, without pay, unused vacation leave which exceeds this limit.

Each permanent full-time employee earns sick leave at the rate of one working day per month and may accumulate maximum sick leave of eighty working days. After an employee accumulates the maximum number of sick days, any excess may be converted to vacation days at an exchange rate of four sick days for one day of vacation. Outstanding sick leave balances are canceled, without recompensation, upon termination, resignation, retirement or death. In accordance with the provisions of GASB Statement No. 16, Accounting for Compensated Absences, no liability is recorded for nonvesting accumulated rights to receive sick pay benefits.

The regular workweek is based on 40 hours actually worked. With the exception of Jail employees, overtime, unless required to be paid by Federal statutes, is accumulated as compensatory (comp) time and earned at time and a half for non-exempt employees and at straight time for exempt employees. Comp time is accumulated and either taken off or paid at the employees' current rate of pay on termination, resignation, retirement or death. For those employed in the Jail, overtime is paid as incurred.

### 7. Long-term Obligations

In the government-wide financial statements, long-term debt and other long-term obligations are reported as liabilities under governmental activities. On new bonds issued, bond premiums and discounts are deferred and amortized over the life of the bonds. Bonds payable are reported net of the applicable bond premium or discount. Bond issuance costs are expensed as incurred.

In the fund financial statements, government fund types recognize bond premiums and discounts, as well as bond issuance costs during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

### 8. Deferred Outflows/Inflows of Resources

In addition to assets, the statement of net position reports a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net assets that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until then. The County did not have any items that qualified for reporting in this category other than the items related to the changes in the net pension liability, and other postemployment benefits (OPEB) liability, which are discussed below.

In addition to liabilities, the statement of net position reports a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net assets that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. Deferred inflows consist of differences in expected and actual pension and OPEB experience and unavailable revenue. Unavailable revenue is reported only on the governmental funds balance sheet. The governmental funds report unavailable revenue from property taxes. The differences in expected and actual pension experience are amortized over a four-year period. OPEB differences are amortized over a four-year period. These amounts are deferred and recognized as an inflow of resources in the period that the amounts become available.

### I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

### C. Assets, Liabilities, Deferred Outflows/Inflows of Resources, and Net Position or Fund Balance - Continued

#### 8. Deferred Outflows/Inflows of Resources - Continued

The County also has deferred outflows related to the recording of changes in its net pension and OPEB liabilities. Certain changes in the net pension OPEB liabilities are recognized as pension or OPEB expense over time instead of all being recognized in the year of occurrence. Experience gains or losses result from periodic studies by the County's actuary which adjust the net pension or OPEB liabilities for actual experience for certain trend information that was previously assumed, for example the assumed dates of retirement of plan members. These experience gains or losses are recorded as deferred outflows of resources or deferred inflows of resources and are amortized into pension expense over the expected remaining service lives of plan members. Changes in actuarial assumptions which adjust the net pension or OPEB liabilities are also recorded as deferred outflows of resources or deferred inflows of resources and are amortized into pension or OPEB expense over the expected remaining service lives of plan members. The difference between projected investment return on pension and OPEB investments and actual return on those investments is also deferred and amortized against pension and OPEB expense over a five-year period. Additionally, any contributions made by the County to the pension or OPEB plan before year end but subsequent to the measurement date of the County's net pension or OPEB liability are reported as deferred outflows of resources.

### 9. Fund balance

In the fund financial statements, governmental funds report fund balance categorized as nonspendable, restricted, committed, assigned or unassigned.

Nonspendable fund balance – represents amounts that cannot be spent because they are either not in spendable form (such as inventory or prepaids) or legally required to remain intact (such as notes receivable or principal of a permanent fund).

Restricted fund balance – represents amounts with external constraints placed on the use of these resources (such as debt covenants, grantors, other governments, etc.) or imposed by enabling legislation.

Committed fund balance – represents amounts that can only be used for specific purposes imposed by an ordinance, which is the formal action of the County's highest level of decision-making authority, the Commissioners' Court. Committed resources cannot be used for any other purpose unless the Commissioners' Court removes or changes the specified use by the same type of action previously used to commit those amounts.

Assigned fund balance – represents amounts the County intends to use for specific purposes as expressed by the Commissioners' Court. This is the residual classification for all governmental funds other than the general fund.

Unassigned fund balance – represents the residual classification for the general fund or deficit balances in other funds.

Sometimes the County will fund outlays for a particular purpose from both restricted and unrestricted resources (the total of committed, assigned, and unassigned fund balance). In order to calculate the amounts to report as restricted, committed, assigned, and unassigned fund balance in the governmental fund financial statements a flow assumption must be made about the order in which the resources are considered to be applied. It is the County's policy to consider restricted fund balance to have been depleted before using any of the components of unrestricted fund balance. Further, when the components of unrestricted fund balance can be used for the same purpose, committed fund balance is depleted first, followed by assigned fund balance. Unassigned fund balance is applied last.

### I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

### C. Assets, Liabilities, Deferred Outflows/Inflows of Resources, and Net Position or Fund Balance - Continued

#### Fund Balance - Continued

The County's minimum fund balance policy requires that unassigned fund balances are maintained at a level adequate to provide for unanticipated expenditures of a nonrecurring nature and to meet unexpected increases in service delivery costs. The minimum level for General Fund unassigned fund balances is 25% of budgeted General Fund expenditures.

During the current year, the County determined that two funds that had been included in the General Fund in prior years were more appropriately reported as special revenue funds. These funds were separated from the General Fund with fund balance transfers shown on the statement of revenues, expenditures and changes in fund balances.

#### 10. Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, deferred outflows/inflows of resources and the disclosure of contingent liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

### 11. Pensions and Other Post-Employment Benefits

For purposes of measuring the net pension and OPEB liabilities, deferred outflows of resources and deferred inflows of resources related to pension and OPEB, and pension and OPEB expense, information about the fiduciary net position of the County's retirement and OPEB plan and additions to/deductions from the plans' fiduciary net position have been determined on the same basis as they are reported by the plans. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

### 12. Leases

Leases are recognized in accordance with GASB Statement No. 87, Leases. A lessor is required to recognize a lease receivable and a deferred inflow of resources. A lease receivable is recognized at the net present value of the leased asset at a borrowing rate either explicitly described in the agreement or implicitly determined by the County and is reduced by principal payments received. The deferred inflow of resources is recognized in an amount equal to the sum of the lease receivable and any payments relating to a future period which were received prior to the lease commencement. These deferred inflows of resources are amortized equal to the amount of the annual payments.

A lessee is required to recognize a lease payable and an intangible right-to-use lease asset. A lease payable is recognized at the net present value of future lease payments and is adjusted over time by interest and payments. Future lease payments include fixed payments, variable payments based on index or rate, reasonably certain residual guarantees. The right-to-use asset is initially recorded at the amount of the lease liability plus prepayments less any lease incentives received prior to lease commencement and is subsequently amortized over the life of the lease.

In the government-wide, proprietary, and fiduciary fund financial statements, deferred inflows related to leases and any respective right-to-use assets are reported in the Statement of Net Position. In the governmental fund financial statements, the present value of lease payments is reported as other financing sources. Under modified accrual accounting, lease payments are considered capital outlay and proceeds of lease contracts, and thereafter are recorded as principal and interest payments.

### I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – Continued

### C. Assets, Liabilities, Deferred Outflows/Inflows of Resources, and Net Position or Fund Balance - Continued

The County has chosen not to implement GASB 87 for the budgetary basis of accounting. For both the budgetary basis of accounting and for leases that do not meet the criteria for valuation under GASB 87, the County will report inflows of cash for lessor leases and outflows of cash for lessee leases.

### 13. Subscription-Based Information Technology Arrangements

Subscription-based information technology arrangements (SBITAs) are defined as a contract that conveys control of the right to use another party's IT software, alone or in combination with tangible capital assets, as specified in the contract for a period of time in exchange or exchange-like transactions. The County recognizes an intangible subscription asset and subscription liability. The subscription liability is measured as the present value of the total subscription payments expected to be made to the vendor during the subscription term. The total future payments are discounted using the interest rate the vendor charges, or if the implicit interest rate is not readily determinable the County uses an estimated incremental borrowing rate. The subscription asset is measured as the initial value of the subscription liability plus any initial capitalized costs and less any vendor incentives received at the commencement of the subscription term.

### D. Implementation of New Standards

In the current year, the County implemented the following new standards:

GASB Statement No. 96, Subscription Based Information Technology Arrangements ("GASB 96"), provides guidance for subscription-based information technology arrangements ("SBITAs"). SBITAs are contracts that convey control of the right to use a SBITA vendor's IT software as specified in the contract for a period of time in exchange transactions. The statement requires the reporting of liabilities related to information technology arrangements that were previously not reported, and for subscribers to report liabilities under a single model. In addition, the statement requires enhanced disclosures related to the timing, significance, and purpose of a government's information technology arrangements. The County adopted this guidance as of October 1, 2022.

There were no material cumulative effect adjustments recorded to net position upon adoption. For information technology subscriptions, right-of-use assets and liabilities were recognized on the commencement date of the subscription based on the present value of subscription payments over the subscription term. At inception of the year of adoption, the County recognized right-of-use assets of \$657,467 with a corresponding SBITA liability of \$657,467. As of September 30, 2023, the following lease amounts are reported: SBITA liabilities in the amount of \$709,108 and \$613,546 included in current and long-term lease liabilities, respectively.

In May 2019 GASB issued Statement No. 91 *Conduit debt Obligations* which has the objectives of providing a single method of reporting conduit debt obligations by issuers and eliminate diversity in practice associated with (1) commitments extended by issuers, (2) arrangements associated with conduit debt obligations, and (3) related note disclosures. The provisions of this statement are effective for reporting periods beginning after December 15, 2021. The County adopted this guidance as of October 1, 2022. There was no material effect on the financial statements.

### I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

### D. Implementation of New Standards - Continued

In April 2022 GASB issued Statement No. 99 *Omnibus 2022* which includes guidance addressing various accounting and financial reporting issues identified during the implementation and application of certain GASB pronouncements. The issues covered by the statement include clarification of various issues in GASB 87, clarification of certain provisions of GASB 94 *Public-Private and Public-Public Partnerships and Availability Payment Arrangements*, among other provisions, which are effective for years beginning after June 15, 2022, and provisions related to the classification and reporting derivative instruments that do not meet the definition of whether an investment derivative instrument or a hedging derivative instrument are effective for years beginning after June 15, 2023 The County adopted the relevant guidance as of October 1, 2022. There was no material effect on the financial statements.

### E. Future Implementation of New Standards

GASB Statement No. 100, Accounting Changes and Error Corrections—an amendment of GASB Statement No. 62. This statement was issued June 2022 to enhance accounting and financial reporting requirements for accounting changes and error corrections to provide more understandable, reliable, relevant, consistent, and comparable information for making decisions or assessing accountability. This Statement defines accounting changes as changes in accounting principles, changes in accounting estimates, and changes to or within the financial reporting entity and describes the transactions or other events that constitute those changes. As part of those descriptions, for (1) certain changes in accounting principles and (2) certain changes in accounting estimates that result from a change in measurement methodology, a new principle or methodology should be justified on the basis that it is preferable to the principle or methodology used before the change. That preferability should be based on the qualitative characteristics of financial reporting—understandability, reliability, relevance, timeliness, consistency, and comparability. This Statement also addresses corrections of errors in previously issued financial statements. GASB Statement No. 100 will be effective for the County for the fiscal year ending September 30, 2024.

GASB Statement No. 101, Compensated Absences. This statement was issued June 2022 to better meet the information needs of financial statement users by updating the recognition and measurement guidance for compensated absences. That objective is achieved by aligning the recognition and measurement guidance under a unified model and by amending certain previously required disclosures. This Statement requires that liabilities for compensated absences be recognized for (1) leave that has not been used and (2) leave that has been used but not yet paid in cash or settled through noncash means. Other requirements include that a liability for certain types of compensated absences not be recognized until the leave commences, and that a liability for specific types of compensated absences not be recognized until the leave is used. GASB Statement No. 101 will be effective for the City for the fiscal year ending September 30, 2024.

The County is currently evaluating whether or not the above listed new GASB pronouncements will have a significant impact to the County's financial statements.

### II. RECONCILIATION OF GOVERNMENT WIDE AND FUND FINANCIAL STATEMENTS

### A. Explanation of certain differences between the governmental fund balance sheet and the government-wide statement of net position

The governmental fund balance sheet includes reconciliation between fund balance for total governmental funds and net position as reported in the government-wide statement of net position. One element of that reconciliation explains that "long-term liabilities, including bonds payable and pension liability, are not due and payable in the current period and therefore are not reported in the governmental funds balance sheet." The details of this \$(232,882,511) difference are as follows:

Bonds payable	\$ (215,660,000)
Bond premiums, net	(11,118,156)
Lease liabilities	(266,811)
SBITA liabilities	(1,322,654)
Compensated absences	(4,514,890)
Net adjustment to reduce fund balance - total governmental funds	
to arrive at net position - governmental activities	\$ (232,882,511)

Another element of that reconciliation states that "capital assets used in governmental activities are not current financial resources and therefore, are not reported in the governmental funds balance sheet." The details of this \$140,664,353 difference are as follows:

Capital assets	\$ 322,562,384
Accumulated depreciation of capital assets	(181,898,031)
	\$ 140,664,353

### B. Explanation of certain differences between the government fund statement of revenues, expenditures, and changes in fund balances and the government-wide statement of activities

The government fund statement of revenues, expenditures, and changes in fund balances includes a reconciliation between net changes in fund balances - total governmental funds and changes in net position of governmental activities as reported in the government-wide statement of activities. One element of that reconciliation indicates that "governmental funds report capital outlays as expenditures; however, in the statement of activities, the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense." The details of this \$24,777,966 difference are as follows:

Capital outlay	\$ 37,157,008
Depreciation expense	(12,379,042)
Net adjustment to increase net changes in fund balances - total	
governmental funds to arrive at changes in net position of	
governmental activities	\$ 24,777,966

### II. RECONCILIATION OF GOVERNMENT WIDE AND FUND FINANCIAL STATEMENTS - Continued

Another element of that reconciliation states that "The issuance of long-term debt (e.g. bonds) provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consu0mes the current financial resources of governmental funds. Neither transaction, however, has any effect on net position. Also, governmental funds report the effect of issuance costs, premiums, discounts, and similar items when debt is first issued; whereas the amounts are deferred and amortized in the statement of activities." The details of this \$(172,942,271) difference are as follows:

Principal payments on long-term debt	\$ 6,220,547
Amortization of bond premium	431,687
Proceeds from bonds issued and financed purchases	(179,594,505)
Net adjustment to increase net changes in fund balances - total	
governmental funds to arrive at changes in net position of	
governmental activities	\$ (172,942,271)

### III. STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY

### A. Budgets and Budgetary Accounting

The County follows these procedures in establishing the budgetary data reflected in the financial statements:

- (1) Prior to September 1, the County Judge submits to the Commissioners' Court a proposed operating budget for the fiscal year commencing October 1. The operating budget includes proposed expenditures and the means of financing them for the upcoming year. After adoption by Commissioners' Court, the control for the detailed fee office/department budgets is at the department head or elected official level and by the County Auditor.
- (2) Public hearings are conducted to obtain taxpayer comment.
- (3) The budget is legally enacted through adoption by the Commissioners' Court.
- (4) Budgets for the General, certain Special Revenue Funds (County Law Library, County Clerk Records Preservation, District Clerk Records Preservation, Juvenile Delinquency Prevention, Courthouse Security, Justice Court Technology, County & District Court Technology, Juvenile General, Forfeiture Interest 10%, Workforce Investment, JAC Maintenance and Road & Bridge), Capital Projects and Debt Service Funds are adopted on a basis consistent with generally accepted accounting principles (GAAP) in the United States of America.
- (5) Encumbrances expire at fiscal year-end, which is consistent with generally accepted accounting principles in the United States of America.
- (6) Comparison of budgeted and actual amounts as shown in Schedules 1 through 2 in the accompanying financial report include the General Fund and the Road and Bridge Special Revenue Fund which are the County's major funds in the current fiscal year.
- (7) Budgetary data for certain Special Revenue funds encompassing various Federal and State programs are cumulative as opposed to annual budgets or the annual budgets have a fiscal year end consistent with the state program or agency from which they receive state funding rather than the County's fiscal year end. Therefore, budget and actual comparisons are not reported in the accompanying financial report for these funds.

### III. STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY - Continued

(8) In addition, certain Special Revenue funds are not required under the Texas Local Government Code to submit budgets under the County budgeting process. During the current year, these Smith County offices submitted a budget to Commissioners' Court for reporting purposes only.

The budgets as presented in the financial statements reflect all amendments approved by the Commissioners' Court for the year ended September 30, 2023, if designated as final budget.

### **B.** Expenditures Over Appropriations

The Courthouse construction fund had expenditures in excess of appropriations of \$4,558,399 for the year ended September 30, 2023.

### C. Deficit Fund Balance

As of September 30, 2023, four funds, East Texas Auto Crushers, Transportation Grants, East Texas Anti-Gang and Financial Crimes had deficit fund balances of \$8,351, \$8,870, \$16,601, and \$189,133, respectively. These are expected to be covered by the General Fund.

### IV. DEPOSITS AND INVESTMENTS

### A. Cash Deposits

The carrying amount of the County's cash was \$266,567,782, and total bank balances equaled \$267,962,613. The carrying amount of the County's Custodial cash was \$14,427,712 and total bank balances equaled \$15,317,743. Certificates of deposit shown as investments on the statement of fiduciary net position had a carrying amount and bank balance of \$2,254,351. The bank deposits are required to be covered by federal depository insurance or by collateral held by the depository bank in the County's name and were covered entirely by federal depository insurance or by collateral held by the depository bank in the County's name.

All deposits are held in the County's main depository or subdepository banks except funds held in trust by the Justice of the Peace offices number 2, 3 and 4, and Auto Registration, which are not under a subdepository contract.

### **B.** Investments

The County's investment policies are governed by state statutes and county ordinance. Permissible investments include direct obligations of the U.S. Government and agency securities, certificates of deposit, and repurchase agreements. The County holds investments in Local Government Investment Cooperative (LOGIC) and Texstar. Investments at LOGIC normally consist of U.S. T-bills, commercial paper, T-notes, collateralized certificates of deposit and repurchase agreements. Investments at Texstar consist of U.S. T-bills, T-notes, collateralized certificates of deposit and repurchase agreements. Both LOGIC and Texstar were created under the Interlocal Cooperation Act, Texas Government Code Chapter 791, and the Public Funds Investment Act, Texas Government Code Chapter 2256. These two acts provide for the creation of Local Government Investment Pools (LGIPs) and authorize eligible governmental entities to invest their public funds and funds under their control through the investment pool. The LGIP's follow all requirements of the Public Funds Investment Act, including being rated by a nationally recognized rating agency, using amortized cost valuation, and to the extent reasonably possible, stabilize at \$1 net asset value. Both investment pools carry investments at amortized cost. Investments are priced daily and compared to carrying value. If the ratio of the fair value of the portfolio of investments to the carrying value of investments is less than .995 or greater than 1.005, the investment pools will sell investment securities, as required, to maintain the ratio at a point between .995 and 1.005.

### IV. DEPOSITS AND INVESTMENTS - Continued

### **B.** Investments - Continued

J.P. Morgan Investment Management, Inc., and First Southwest Company (a division of Hilltop Securities) serve as co-administrators for the Texstar and LOGIC programs under agreements with each pool's respective board of directors. The Texstar is a five-member Board consisting of three representatives of employees, officers or elected officials of participating government entities, and one member designated by each of the co-administrators. In addition, Texstar has an Advisory Board composed of participants in the pool and other persons who do not have a business relationship with the pool and are qualified to advise the pool. A maximum of two advisor board members represent the co-administrators of LOGIC.

The County records all interest revenue earned from investment activities in the respective funds.

Investments are categorized into these three categories of credit risk:

- 1. Insured or registered, or securities held by the government or its agent in the government's name.
- 2. Uninsured and unregistered, with securities held by the counterparty's trust department or agent in the government's name.
- 3. Uninsured and unregistered, with securities held by the counterparty, or by its trust department or agent, but not in the government's name.

Investments are stated at fair value or amortized cost, which approximates fair value, and are held by the County's agent in the County's name. The County's investments at year end are shown below.

	An	nortized Cost	Weighted Average Maturity (Days)	Credit Risk
Primary Government				
Local Government Investment Cooperative	\$	35,748,461	39	AAA
TexStar		5,414,179	29	AAAm
Southside - Certificate of Deposit		11,145	248	N/A
Total fair value	\$	41,173,785		
Fiduciary Funds				
Local Government Investment Cooperative	\$	359,658	39	AAA
Portfolio weighted average maturity			38	

Credit risk – Credit risk is the risk that an issuer or other counterpart to an investment will not fulfill its obligations. The County has limited credit risk, in conformance to state statutes and County ordinance, by investing in only the safest types of securities as permitted by the Public Funds Investment Act, using approved brokers and with different investment pools.

Interest rate risk – Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of the investment. The County has no formal policy on interest rate risk.

Custodial credit risk – Custodial credit risk is the risk for deposits that, in the event of the failure of a depository financial institution, a government will not be able to recover deposits or will not be able to recover collateral securities that are in the possession of an outside party. The custodial credit risk for investments is the risk that, in the event of the failure of the counterparty to a transaction, a government will not be able to recover the value of the investment or collateral securities that are in the possession of an outside party. The County requires all bank deposits to be collateralized at a level not less than 100% of the total uninsured deposits.

### IV. DEPOSITS AND INVESTMENTS - Continued

### **B.** Investments - Continued

Foreign currency risk – Foreign currency risk is the risk that changes in exchange rates will adversely affect the fair value of an investment. The County's investment policy does not permit securities listed in foreign denominations. Consequently, the County is not exposed to foreign currency risk.

### V. PROPERTY TAXES AND OTHER RECEIVABLES

Property taxes attach as an enforceable lien on property as of January 1. Taxes are levied prior to September 30, become due on October 1 and are delinquent after January 31. The County bills and collects its own property taxes and those for the County of Bullard, City of Tyler, City of Troup, City of Whitehouse, City of Winona, the Bullard Independent School District (ISD), Tyler ISD, Whitehouse ISD, Winona ISD, Tyler Junior College and the Smith County Water Control District. The County is the only entity controlled by the Commissioners' Court; the County acts only as an intermediary in the collection and distribution of property taxes to the other entities.

Collections of the property taxes and subsequent remittances to the proper entities are accounted for in the Tax Assessor/Collector's Custodial Fund. Tax collections are recorded net of the entities' related collection commission paid to the County in this custodial fund according to the levy year for which the taxes are collected. Tax collections deposited for the County are distributed on a monthly basis to the General and Debt Service Funds of the County.

This distribution is based upon the tax rate established for each fund by order of the Commissioners' Court for the tax year for which the collections are made.

Governmental funds report unavailable revenue in connection with receivables for revenues that are not considered to be available to liquidate liabilities of the current period. Governmental funds also defer revenue recognition in connection with resources that have been received, but not yet earned. At the end of the current fiscal year, the various components of unavailable revenue reported in the governmental funds were as follows:

General fund	\$ 2,429,627
Road & Bridge fund	427,245
Facility improvement fund	100,528
Debt service fund	360,032
Total unavailable revenue	\$ 3,317,432
Debt service fund	\$ 360,032

The County is authorized by the tax laws of the State of Texas to levy taxes up to \$.80 per \$100 of assessed valuation for general governmental services and the payment of principal and interest on certain permanent improvement long-term debt. The tax rate as of September 30, 2023 was \$.33000.

### V. PROPERTY TAXES AND OTHER RECEIVABLES - Continued

Receivables as of year-end for the governmental activities, individual major governmental funds and nonmajor governmental funds, including the applicable allowances for uncollectible accounts, as required by GASB 34 are as follows:

	Internal	Ro	oad and				
	Service	Bridge an	nd Courthouse		Other		Total
	and General	Specia	al Revenue	N	Vonmajor	Go	vernmental

Less: Allowance							
for uncollectibles	675,447		118,776		128,037		922,260
Net total receivables	\$ 9,196,156	\$	610,193	\$	2,015,424	\$	11,821,773

### **Abatement**

The County enters into property tax abatement agreements with local businesses under the State Property Redevelopment and Tax Abatement Act, Chapter 312, as well as its own guidelines and criteria, which is required under the Act. Under the Act, including its guidelines and criteria, the County may grant property tax abatements for economic projects under the program that provide an increase of at least \$1,000,000 in property values, or an annual payroll increase of \$400,000 or the creation of 25 new permanent full time jobs. Abatements are granted for up to 100% over a period of time specified on an individual basis. The County's priority for tax abatement is to extend tax abatement to primary employers. In providing local jobs, the retention of existing jobs is recognized as more important than recruitment of new companies is given to provide significant, long term, positive economic impact to the community using local contractors and the resident workforce to the maximum extent feasible and by developing, redeveloping and improving real estate within the County.

Uses available for tax abatement include manufacturing, distribution centers, corporate or regional office parks, research facilities and small entrepreneurs.

### VI. CAPITAL ASSETS

Capital assets are recorded at cost or, if donated, at fair value at the date of receipt. In accordance with GASB 34, depreciation policies were adopted to include useful lives and classification by function. Infrastructure assets are recorded at estimated acquisition costs by using indexes to discount estimated current replacement costs.

A summary of changes in capital assets follows:

	Beginning			
	Balance			Ending
	as Restated	Increases	Decreases	Balance
Governmental activities:				
Capital assets, not being depreciated:				
Land	\$ 2,146,771	\$ 1,780,229	\$ -	\$ 3,927,000

### Right-of-Use assets

A lease is defined as a contract that conveys control of the right of use of another entity's nonfinancial asset as specified in a contract for a period of time in an exchange or exchange-like transaction. The City is party to a variety of lease and SBITA contracts as lessee for which this right-of-use (ROU) has been recognized as an asset on the balance sheet. This recognition for SBTAs is new for the current fiscal year due to the implementation of GASB 96.

### VI. CAPITAL ASSETS - Continued

Lease right-of-use activity for the year ended December 31, 2023 was as follows:

	Beginning Balance	Increases	Decreases	Ending Balance
Copy machines	\$ 187,729	\$ -	\$ (68,031)	\$ 119,698
Office space	4,347	160,558	(4,347)	160,558
Machinery and equipment	159,803	24,828	(50,942)	133,689
Total Leased Assets	351,879	185,386	(123,320)	413,945
Less accumulated amortization for:				
Copy machines	(84,805)	(63,848)	68,031	(80,622)
Office space	(3,260)	(25,170)	4,347	(24,083)
Machinery and equipment	(49,042)	(44,149)	50,942	(42,249)
Total accumulated amortization	(137,107)	(133,167)	123,320	(146,954)
Net Total Leased Assets	\$ 214,772	\$ 52,219	\$ -	\$ 266,991

Depreciation expense for 2023 was charged to functions/programs of the primary government as follows:

Governmental activities:	
General government	\$ 2,125,767
Public safety	1,324,590
Correction and rehabilitation	2,090,098
Infrastructure and environmental	7,504,802
Justice system	99,776
Total depreciation expense -	
governmental activities	\$ 13,145,033

### VII. CONSTRUCTION AND OTHER SIGNIFICANT COMMITMENTS

*Construction Commitments*. As of September 30, 2023, the County has active construction projects. At year end the County's commitments with contractors are as follows:

		Estimated Remaining
Project	Spent-to-Date	Commitments
Parking Structure	\$ 112,310	\$ 16,887,690
Courthouse Construction	3,344,734	148,486,591
R&B Facility	3,695,491	617,909
Juvenile Attention Center EIFS	28,272	360,869
Special Road Projects	1,239,688	7,867,090
	\$ 8,420,495	\$ 174,220,149

### VII. CONSTRUCTION AND OTHER SIGNIFICANT COMMITMENTS - Continued

*Encumbrances*. Encumbrance accounting is utilized to the extent necessary to assure effective budgetary control and accountability and to facilitate effective cash planning and control. At year end, the amount of encumbrances expected to be honored upon performance by the vendor in the next year were as follows:

General fund	\$	1,492,581
Road and Bridge fund		1,439,622
Courthouse Construction - 2023 Series		6,649,675
Nonmajor funds		17,989,995
Total	\$ :	27,571,873

### VIII. LONG-TERM DEBT

During the year ended September 30, 2011, the County issued \$39,955,000 *General Obligation Bonds - 2011 Series*. The proceeds from the sale of the bonds were used to fund the Jail Expansion project, to refund \$5,710,000 of the County's outstanding certificates of obligation to achieve debt service savings, and to pay the cost related to the issuance of the bonds.

During the year ended September 30, 2018, the County issued \$11,320,000 General Obligation Bonds – Series 2018. The proceeds from the sale of the bonds are being used to fund road and infrastructure improvement projects.

During the year ended September 30, 2019, the County issued \$11,320,000 General Obligation Bonds – Series 2019. The proceeds from the sale of the bonds are being used to fund road and infrastructure improvement projects.

During the year ended September 30, 2020, the County issued \$7,125,000 *General Obligation Bonds – Series 2020*. The proceeds from the sale of the bonds are being used to fund road and infrastructure improvement projects.

During the year ended September 30, 2021, the County issued \$7,425,000 *General Obligation Bonds – Series 2021*. The proceeds from the sale of the bonds are being used to fund road and infrastructure improvement projects.

During the year ended September 30, 2022, the County issued \$17,270,000 General Obligation Bonds – Series 2022. The proceeds from the sale of the bonds are being used to fund road and infrastructure improvement projects.

During the year ended September 30, 2023, the County issued \$18,170,000 *Courthouse Parking Tax and Revenue Bonds – Series 2023*. The proceeds from the sale of the bonds are being used to fund the construction of a parking structure.

During the year ended September 30, 2023, the County issued \$152,335,000 *Limited Tax Courthouse Bonds – Series 2023*. The proceeds from the sale of the bonds are being used to fund construction of a new courthouse.

### VIII. LONG-TERM DEBT - Continued

General obligation bonds currently outstanding are as follows:

	Original	Interest	Date of	Date of	Bonds
Description	Bond Amt	Rates (%)	Issue	Maturity	Outstanding
General Obligation Bonds - 2011 Series	\$ 39,955,000	1.0 - 4.0	6/28/2011	8/15/2023	\$ -
General Obligation Bonds - 2018 Series	11,320,000	2.0 - 4.0	6/12/2018	2/15/2028	8,530,000
General Obligation Bonds - 2019 Series	11,320,000	3.0 - 4.0	6/11/2019	2/15/2029	9,445,000
General Obligation Bonds - 2020 Series	7,125,000	2.0 - 5.0	7/23/2020	2/15/2030	5,215,000
General Obligation Bonds - 2021 Series	7,425,000	2.0 - 5.0	7/22/2021	2/15/2031	6,970,000
General Obligation Bonds - 2022 Series	17,270,000	3.0 - 5.0	9/8/2022	2/15/2042	14,995,000
Tax and Revenue Bonds - 2023 Series	18,170,000	4.0 - 5.0	7/13/2023	8/15/2047	18,170,000
Limited Tax Bonds - 2023 Series	152,335,000	4.0 - 5.0	9/21/2023	8/15/2048	152,335,000
	\$ 264,920,000				\$ 215,660,000

The annual debt service requirements to maturity for general obligation bonds are as follows:

Years Ending		
September 30	Principal	Interest
2024	4,595,000	9,076,198
2025	8,185,000	9,453,731
2026	6,325,000	9,293,756
2027	9,545,000	9,061,731
2028	10,265,000	8,612,781
2029-2033	38,155,000	35,926,531
2034-2038	39,165,000	29,532,991
2039-2043	47,945,000	19,639,653
2044-2048	51,480,000	7,599,633
	\$ 215,660,000	\$138,197,005

General Obligation Bonds are subject to the provisions of the Internal Revenue Code of 1986 related to arbitrage and interest tax regulations under these provisions.

### VIII. LONG-TERM DEBT - Continued

Changes in Long-Term Debt

Long-term liability for the year ended September 30, 2023 was as follows:

Governmental	Beginning					
Activities:	Balance			Ending	Due	Due in
	10/1/2022			Balance	Within	More Than
	as Restated	Additions	Reductions	9/30/2023	One Year	One Year

Total	\$ 99,593,231	\$ 203,070,866	\$ 21,603,890	\$ 281,060,207	\$ 8,594,414	\$ 272,465,793

The liabilities listed above for compensated absences, net other post-employment benefits and net pension liability will be liquidated by the County's General Funds, Road and Bridge Fund, Adult Probation Funds, and Juvenile Probation Funds. The liability for capital leases will be liquidated by the General Funds and Road and Bridge Fund.

Authorized but Unissued Debt

In November 2021 Smith County voters approved a \$45 million bond package for Phase II road construction. The 2022 series was issued for \$17,270,000 and the remaining series are to be issued over the next couple of years. The bonds are expected to be amortized over a term of ten to twenty years.

### IX. LEASES

The County is involved in various leasing arrangements for land, buildings, equipment and land use rights which are leased mainly to commercial customers. With the implementation of GASB Statement No. 87 Leases, effective the fiscal year ended September 30, 2022, all leases were analyzed and classified as either qualified or non-qualified leases, for both lessor and lessee positions. With this implementation, a respective receivable or payable is recognized.

### **Lessor Leases Receivables**

The County has entered into four lease agreements to lease buildings and land to third parties. Lease receivables at the beginning of the year were \$73,467 and were reduced by \$38,893 during the year. Lease revenues recognized were \$38,898, and interest income was \$252. No leases were entered into during the year. Annual payments range from \$10 to \$2,788. Interest rate is .49%. Future annual lease receivables as of September 30, 2023, are as follows:

Year	Principal	Interest	<b>Total Receipts</b>
2024	33,585	88	33,673
2025	999	1	1,000
Total Future Receipts	34,584	89	34,673

### IX. LEASES - Continued,

### Lessee Leases Payable

The County has entered into multiple leases for office equipment, and one lease for office space. Lease payables at the beginning of the year were \$214,343 and new leases of \$185,386 were entered into. Payments reduced lease liabilities by \$132,916 during the year. No leases were entered into during the year. Annual payments range from \$118 to \$2,708. Interest rates were .49%. Future annual lease payables as of September 30, 2023, are as follows:

Year	Principal	Interest	<b>Total Payments</b>
2024	83,795	1,108	84,903
2025	69,841	743	70,584
2026	55,905	429	56,334
2027	45,390	179	45,569
2028	11,880	16	11,896
Total Future Payments	266,811	2,475	269,286

### X. SUBSCRIPTION BASED INFORMATION TECHNOLOGY ARRANGEMENTS

The County has entered into multiple SBITAs for voting systems, tax assessment and collection, communications, probation activities, and cloud computing technology. SBITA payables at the beginning of the year were \$657,467 and new arrangements of \$1,384,154 were entered into. Payments reduced SBITA liabilities by \$718,967 during the year. Annual payments range from \$100 to \$406,115. Interest rates were .49%. Future annual SBITA payables as of September 30, 2023, are as follows:

Year	Principal	Interest	<b>Total Payments</b>
2024	709,108	6,270	715,378
2025	613,546	2,853	616,399
Total Future Payments	1,322,654	9,123	1,331,777

### XI. INTERFUND RECEIVABLES, PAYABLE BALANCES, AND TRANSFERS

In the fund financial statements, interfund balances are the result of normal transactions between funds and will be liquidated in the subsequent fiscal year. Balances between individual governmental funds are eliminated in the government-wide financial statements.

The composition of interfund balances as of September 30, 2023 is as follows:

Receivable Fund	Payable Fund	Amount	Purpose
General Fund	Non-major Governmental Funds	\$ 5,264,821	Supplement fund sources
	Total	\$ 5,264,821	

### XI. INTERFUND RECEIVABLES, PAYABLE BALANCES, AND TRANSFERS, Continued

The following summarized the County's transfers for the year ended September 30, 2023:

			Trans	fers I	ĺn		
			Road and	1	Nonmajor	_	
	(	General	Bridge	Go	vernmental		
		Fund	 Fund		Funds	 Total	Explanation
Transfers out:

### XII. DEFINED BENEFIT PENSION PLAN

### (a) PLAN DESCRIPTION

The County provides retirement, disability, and death benefits for all of its full-time employees through a nontraditional defined benefit pension plan in the statewide Texas County and District Retirement System (TCDRS). The Board of Trustees is responsible for the administration of the statewide agent multi-employer public employee retirement system. TCDRS in the aggregate issues a comprehensive annual financial report (ACFR) on a calendar year basis. The ACFR is available upon written request from TCDRS Board of Trustees at P. O. Box 2034, Austin, Texas 78768-2034 or the website at www.TCDRS.org.

The plan provisions are adopted by the governing body of the employers, within the options available in the Texas state statutes governing TCDRS (TCDRS Act). Members can retire at ages 60 and above with 8 or more years of service, with 20 years of service regardless of age, or when the sum of their age and years of service equals 75 or more. Members who withdraw their personal contributions in a lump sum are not entitled to any amounts contributed by the employer.

Benefits are determined by the sum of the employee's contributions to the plan, with interest and employer-financed monetary credits. The level of these monetary credits is adopted by the governing body of the employer with the actuarial constraints imposed by the TCDRS Act so that the resulting benefits can be expected to be adequately financed by the employer's commitment to contribute. At retirement, death, or disability, the benefit is calculated by converting the sum of the employee's accumulated contributions and the employer-financed monetary credits to a monthly annuity using annuity purchase rates prescribed by the TCDRS Act.

#### (b) PLAN MEMBERSHIP

At the December 31, 2022 valuation and measurement date, the following employees were covered by the benefit terms:

	12/31/2022
Inactive employees or beneficiaries currently receiving benefits	581
Inactive employees entitled to but not yet receiving benefits	979
Active employees	928
	2,488

### XII. DEFINED BENEFIT PENSION PLAN - Continued

### (c) CONTRIBUTIONS

The employer has elected the annually determined contribution rate (Variable Rate) plan provisions of the TCDRS Act. The plan is funded by monthly contributions from both employee members and the employer based on the covered payroll of employee members. Under the TCDRS Act, the contribution rate of the employer is actuarially determined annually. The County contributed using the actuarially determined rate of 11.18% for the months of the accounting year 2023, and 12.43% for the months of the accounting year 2022. County contributions to the plan were \$6,251,909 for the year ended September 30, 2023.

The deposit rate payable by the employee members for 2022 and 2023 is 7% as adopted by the governing body of the employer. The employee deposit rate and the employer deposit rate may be changed by the governing body of the employer within the options available in the TCDRS Act.

### (d) NET PENSION LIABILITY OF THE COUNTY

The County's Net Pension Liability was measured as of December 31, 2022, and the Total Pension Liability used to calculate the Net Pension Liability was determined by an actuarial valuation as of that date.

### (e) ACTUARIAL ASSUMPTIONS

The Total Pension Liability in the December 31, 2022 actuarial valuation was determined using the following actuarial assumptions:

Inflation 2.50% Overall payroll growth 3.00%

Investment rate of return 7.50%, net of pension plan investment expenses, including inflation

The County has no automatic cost-of-living adjustments ("COLA") and one is not considered to be substantively automatic under GASB 68. Therefore, no assumption for future cost-of-living adjustments is included in the GASB calculation or in the funding valuation.

The annual salary increase rates assumed for individual members vary by length of service and by entryage group. The annual rates consist of a general wage inflation component of 3.00% (made up of 2.50% inflation and 0.50% productivity increase assumptions) and a merit, promotion and longevity component that on average approximates 1.70% per year for a career employee.

Mortality rates for active members were based on 135% of the Pub-2010 General Employees Amount-Weighted Table for males and 120% of the Pub-2010 General Employees Amount-Weighted Table for females, both projected with 100% of the MP2021 Ultimate scale after 2010. Mortality rates for service retirees, beneficiaries, and non-depositing members were based on the 135% of the Pub 2010 General Healthy Retirees Amount-Weighted Table for males and 120% of the Pub-2010 General Healthy Retirees Amount-Weighted Table for females, both projected with 100% of the Pub-2010 General Disabled Retirees Amount-Weighted Table for males and 120% of the Pub-2010 General Disabled Retirees Amount-Weighted Table for females, both projected with 100% of the MP2021 Ultimate scale after 2010.

The actuarial cost method was Entry Age Normal, as required by GASB 68. Straight-line amortization over Expected Working Life with a 5 year smoothing period, and a non-asymptotic recognition method with no corridor were utilized in the actuarial calculations.

The actuarial assumptions used in the December 31, 2022, valuation were based on the results of an actuarial experience study for the period January 1, 2017 – December 31, 2021, except where required to be different by GASB 68.

### XII. DEFINED BENEFIT PENSION PLAN - Continued

The long-term expected rate of return on TCDRS assets is determined by adding expected inflation to expected long-term real returns and reflecting expected volatility and correlation. The capital market assumptions and information shown below are provided by TCDRS' investment consultant, Cliffwater LLC. The numbers shown are based on January 2023 information for a 10 year time horizon.

The valuation assumption for long-term expected return is re-assessed at a minimum of every four years, and is set based on a 30-year time horizon; the most recent analysis was performed in 2022. The following target asset allocation was adopted by the TCDRS board in March 2021. The geometric real rate of return is net of inflation, assumed at 2.3%.

		<b></b>	Geometric Real Rate of Return
		Target	(Expected minus
Asset Class	Benchmark	Allocation (1)	Inflation) (2)

<sup>(4)</sup> Includes vintage years 2005-present of Quarter Pooled Horizon IRRs.

<sup>(5)</sup> Includes vintage years 2007-present of Quarter Pooled Horizon IRRs.

#### XII. DEFINED BENEFIT PENSION PLAN - Continued

#### (f) DISCOUNT RATE

The discount rates used to measure the Total Pension Liability was 7.60%. Using the alternative method, the projected fiduciary net position is determined to be sufficient compared to projected benefit payments based on the funding requirements under the County's funding policy and the legal requirements under the TCDRS Act.

- 1. TCDRS has a funding policy where the unfunded actuarial accrued liability ("UAAL") shall be amortized as a level percent of pay over 20-year layered periods.
- 2. Under the TCDRS Act, the County is legally required to make the contribution specified in the funding policy.
- 3. The County's assets are projected to exceed its accrued liabilities in 20 years or less. When this point is reached, the employer is still required to contribute at least the normal cost.
- 4. Any increased cost due to the adoption of a COLA is required to be funded over a period of 15 years, if applicable.

Since the projected fiduciary net position is projected to be sufficient to pay projected benefit payments in all future years, the discount rate for purposes of calculating the total pension liability and net pension liability of the employer is equal to the long-term assumed rate of return on investments.

#### (g) CHANGES IN THE NET PENSION LIABILITY

	Increase (Decrease)						
Balances as of December 31, 2021		otal Pension Liability (a)	]	Fiduciary Net Position (b)		Net Pension Liability/(Asset) (a) - (b)

Balances as of December 31, 2022	\$	228,382,038	\$	211,051,123	\$	17,330,915	

<sup>(1)</sup> Reflects the change in the liability due to the time value of money. TCDRS does not charge fees or interest.

The required schedule of changes in the County's net pension liability and related ratios immediately following the notes to the financial statements presents multiyear trend information about whether the value of plan assets is increasing or decreasing over time relative to the total pension liability.

<sup>(2)</sup> No plan changes valued.

<sup>(3)</sup> Relates to allocation of system-wide items.

#### XII. DEFINED BENEFIT PENSION PLAN – Continued

#### (h) SENSITIVITY ANALYSIS

The following presents the net pension liability of the County, calculated using the discount rate of 7.60%, as well as what the Smith County net pension liability would be if it were calculated using a discount rate that is one percentage point lower (6.60%) or one percentage point higher (8.60%) than the current rate.

	 6 Decrease in unt Rate (6.60%)	Disco	unt Rate (7.60%)	1% Increase in Discount Rate (8.60%)		
Total pension liability Fiduciary net position	\$ 260,083,250 211,051,123	\$	228,382,038 211,051,123	\$	202,108,256 211,051,123	
Net pension liability/(asset)	\$ 49,032,127	\$	17,330,915	\$	(8,942,867)	

#### (i) PENSION PLAN FIDUCIARY NET POSITION

Detailed information about the pension plan's fiduciary net position is available in the separately issued TCDRS financial report.

## (j) PENSION EXPENSE AND DEFERRED OUTFLOWS OF RESOURCES AND DEFERRED INFLOWS OF RESOURCES RELATED TO PENSIONS

For the year ended September 30, 2023, the County recognized pension expense of \$5,609,026. On September 30, 2023, the County reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	 rred Outflows Resources	Deferred Inflows of Resources		
Differences between expected and actual economic experience	\$ -	\$	665,123	
Changes in actuarial assumptions	3,065,120		-	
Difference between projected and actual investment earnings	24,164,354		20,014,298	
Contributions made subsequent to measurement date	 4,757,753			
Total	\$ 31,987,227	\$	20,679,421	

County contributions subsequent to the measurement date, but before the end of the County's reporting period, of \$4,757,753 are reported as deferred outflows of resources and will be recognized as a reduction of the net pension liability in the year ending September 30, 2024, rather than in the current fiscal year. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year Ended December 31						
2023	\$	46,242				
2024		(244,679)				
2025		707,400				
2026		6,041,090				
2027		_				
Thereafter		_				
	\$	6,550,053				

#### XIII. OTHER INFORMATION

#### RISK MANAGEMENT

The County is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employee; and natural disasters. The County maintains commercial insurance coverage for each of these risks of loss. Management believes such coverage is sufficient to preclude any significant uninsured losses to the County. Settled claims did not exceed this commercial insurance coverage during the past three years.

#### **CONTINGENTCIES**

#### Grants

Amounts received or receivable from grantor agencies are subject to audit and adjustment by grantor agencies. Any disallowed claims, including amounts already collected, may constitute a liability of the applicable funds. A contingent liability was not established because potential reimbursements are considered immaterial.

#### Litigation

The County is involved in lawsuits and other claims in the ordinary course of operations. Such litigation included lawsuits alleging unlawful termination, and violations of civil rights. The County is aggressively defending these suits and believes that the loss, if any, resulting from the suits listed above will not have a material impact on the County's financial position, results of operations and cash flows in the future years.

#### JOINT VENTURE

The North Texas Public Health District was established, effective October 1, 1993, by a cooperative agreement between the City of Tyler and Smith County, Texas pursuant to authority by the Texas Health and Safety Code for the purpose of providing public health services previously provided by the participating entities. The District is considered a joint venture between the City and County with each retaining an equity interest based upon the percentage each contributed to the budget.

For the year ended September 30, 2023, the County budgeted funding of \$200,000 for the Health District. The County's equity interest in the Health District was \$2,405,384 at September 30, 2023. The Health District's total Fund Balance at September 30, 2023 was approximately \$6.5 million. Financial statements for the Health District may be obtained at the entity's Administrative Offices.

#### DEFERRED COMPENSATION

The County offers its employees a deferred compensation plan created in accordance with Internal Revenue Code Section 457. The plan, available to all County employees, permits them to defer a portion of their salary until future years. The deferred compensation is not available to employees until termination, retirement, death, or unforeseeable emergency. The plan assets are not a part of the County's financial statements because a third-party administrator holds these plan assets in trust.

The fair value and carrying value of deferred compensation plan assets is \$2,666,593 as of September 30, 2023.

#### HEALTH, DENTAL AND LIFE PLANS

The County implemented a self-insured health plan for employees, including dental and prescription benefits. The County pays the full amount of insurance premiums for their retirees except dependent coverage. The employees pay the cost of coverage for any dependents they enroll under the plan. The County maintains an Insurance Fund to track premiums and claim payments. The County has retained an insurance policy for specific and aggregate stoploss coverage. There is an individual stop-loss of \$225,000 and aggregate protection once the County's deductible of approximately \$13.4 million is met. The maximum reimbursement is set at \$1,000,000.

#### XIII. OTHER INFORMATION - Continued

Changes in the estimated liability for medical claims for fiscal years 2022 and 2023 are presented below:

	Insurance	Current		Insurance
	Claims	Year Claims	Actual	Claims
	Payable At	and Changes	Claim	Payable At
Insurance Fund	Beginning of Year	In Estimates	Payments	End of Year
September 30, 2022	520,382	10,216,350	10,069,281	\$ 667,451
September 30, 2023	667,451	10,710,230	10,152,493	1,225,188

#### XIV. POSTEMPLOYMENT BENEFITS OTHER THAN PENSIONS (OPEB)

#### A. Other Post-Employment Benefit Plans

Smith County contributes to two other post-employment benefit plans, (1) the Retiree Health Benefit Trust (RHBT) which is a single employer defined benefit healthcare plan, and (2) a group term life insurance for all of its full-time employees and retirees through a statewide, multiple-employer, public-employee retirement system through the Texas County District Retirement System (the "TCDRS"). As of and for the year ended September 30, 2023, the two plans had the following balances reported in the government-wide financial statements:

	Total OPEB	Net OPEB	Deferred	Deferred	OPEB
	Liability	Liability	Outflows	Inflows	Expense
Retiree Health Plan	N/A	\$ 28,718,153	\$ -	\$ 9,837,656	\$ (8,726,005)
Supplemental Death Benefit	2,128,623	N/A	313,684	645,050	145,737
	\$ 2,128,623	\$ 28,718,153	\$ 313,684	\$ 10,482,706	\$ (8,580,268)

Detailed disclosures for each plan follow.

#### (1) HEALTH PLAN

#### (a) PLAN DESCRIPTION

In addition to the pension benefits described in Note XII, as required by state law and defined by County Policy, the County makes available health care benefits, including medical/RX, dental, and life insurance, to all employees, and their spouses and children, who retire from the County and who are receiving benefits from a County sponsored retirement program (Texas County and District Retirement System (TCDRS) through a single-employer defined benefit healthcare plan.

Current retirees in the health plan and at retirement, active employees that meet the conditions for retirement from TCDRS (age 60 and above with 8 years or more of service, 20 years of service regardless of age, or when the sum of their age and years of service equals 75 or more) and the retirees that have worked for Smith County for 20 years, are eligible to remain in the health plan at the total blended contribution rate for active and retiree participants (Retiree Health Existing (Closed) Program).

Active employees hired after June 1, 2005 are not eligible to continue coverage in the County-sponsored medical/RX or dental plan, nor are they provided life insurance by the County. Under the provisions of GASB Statement 75, these employees who will not be eligible to continue coverage in the County's Health Plan do not receive an Other Post Employment Benefit. Accordingly, only those employees who are eligible to participate in the Retiree Health Existing (Closed) Program are included in the valuation results described below.

#### XIII. POSTEMPLOYMENT BENEFITS OTHER THAN PENSIONS (OPEB) – Continued

#### (1) HEALTH PLAN - continued

#### (b) PLAN MEMBERSHIP

At the September 30, 2023 measurement date, the following employees were covered by the benefit terms:

	September 30 2023
Inactive employees currently receiving benefits Active employees	214 93
	307

#### (c) BENEFITS PROVIDED

The healthcare plan provides insurance to eligible retirees, their spouses, and children through the County's group health insurance plan, which covers both active and retired members, until age 65 when retirees become eligible and are required to enroll in Medicare Part B, at which time coverage supplements Medicare. There are no automatic post-employment benefit changes; including automatic cost of living adjustments ("COLA").

#### (d) CONTRIBUTIONS

County contribution consists of monthly premium contributions to the Smith County Insurance Fund to pay claims for retirees that are not Medicare eligible. The contributions are at the same premium rate as for active employees. Medicare eligible retirees are provided a Medicare insurance supplement program. The County contributions to the Smith County Insurance Fund for retirees in fiscal year 2023 were \$1,233,938.

The table below provides the required monthly inactive participant contribution, County contribution, and total contribution for medical/Rx coverage effective for the 2022-2023 plan year.

Date of Hire	Inactive County Contributions Contributions		•	Total Contributions	
Before June 1, 2005*					
Plan 1 Single Single + Spouse Surviving Spouse	\$ 322.43 998.79 1,050.15	\$	727.72 727.72 -	\$	1,050.15 1,726.51 1,050.15
Plan 2 Single Single + Spouse Surviving Spouse	\$ 378.62 1,066.45 1,106.34	\$	727.72 727.72 -	\$	1,106.34 1,794.17 1,106.34
Plan 3 Single Single + Spouse Surviving Spouse	\$ 378.62 1,066.45 1,106.34	\$	727.72 727.72 -	\$	1,106.34 1,794.17 1,106.34

<sup>\*</sup> Employees hired on or after June 1, 2005 may continue coverage under COBRA paying the above monthly total contribution while they are eligible for COBRA.

#### XIV. POSTEMPLOYMENT BENEFITS OTHER THAN PENSIONS (OPEB) - Continued

#### (1) HEALTH PLAN - continued

The table below provides the required inactive participant contributions, County contributions, and full group COBRA premiums for the County-sponsored dental plan effective for the 2022 - 2023 plan year.

	Inactive		C	ounty	Total			
Date of Hire	Contributions		Cont	Contributions		Contributions		
Before June 1, 2005*								
Single	\$	-	\$	35.00	\$	35.00		
Single + Spouse		30.00		35.00		65.00		
Surviving Spouse		30.00		-		30.00		

<sup>\*</sup> Employees hired on or after June 1, 2005 may continue coverage under COBRA paying the above monthly total contribution while they are eligible for COBRA.

#### (e) NET OPEB LIABILITY

The County's net OPEB liability was measured as of September 30, 2023, and the total OPEB liability used to calculate the net OPEB liability was determined by an actuarial valuation as of September 30, 2023.

#### (f) ACTUARIAL ASSUMPTIONS

The Total OPEB liability in the September 30, 2023, actuarial valuation was determined using the following actuarial assumptions:

Inflation	2.60%
Overall payroll growth	Not applicable.
Discount rate	4.63% (Fidelity Municipal GO AA Index as of September 30, 2023)
Healthcare cost trend rates	Medical/Rx/Dental Post-65: 5.2% Medical/Rx/Dental Pre-65: 5.10% initial, increasing 0.1% per year then decreasing to an ultimate rate of 4.0%

All mortality rates are based on the rates used in Smith County's December 31, 2022 TCDRS valuation. Mortality rates for active members were based on 90% of the RP-2014 Active Employee Mortality Table for males and 90% of the RP-2014 Active Employee Mortality Table for females, projected with 110% of the MP-2014 Ultimate scale after 2014. Mortality rates for inactive members were based on 130% of the RP-2014 Healthy Annuitant Mortality Table for males and 110% of the RP-2014 Ultimate scale after 2014. Mortality rates for disabled members were based on 130% of the RP-2014 Disabled Annuitant Mortality Table for males and 115% of the RP-2014 Disabled Annuitant Mortality Table for females, both projected with 110% of the MP-2014 Ultimate scale after 2014.

#### XIV. POSTEMPLOYMENT BENEFITS OTHER THAN PENSIONS (OPEB) - Continued

#### (1) HEALTH PLAN - continued

Health insurance elections were developed based on the following:

- 100% of employees who were hired prior to June 1, 2005 and have coverage in the County-sponsored health and/or dental insurance plan before retirement are assumed to elect coverage at retirement and continue coverage for life.
- 10% of employees electing coverage in the health and/or dental insurance plan at retirement are assumed to cover their spouse, who is assumed to continue coverage for life.
- 50% of spouses electing coverage are assumed to waive coverage upon becoming Medicare eligible.
- Current participants enrolled in Medical Plan 1 or Medical Plan 2 are assumed to remain in their currently elected plan until age 65, should they elect post-retirement medical coverage. Participants in all other plans are assumed to have a 70% likelihood of electing Plan 1 and a 30% likelihood of electing Plan 2 upon retirement.
- Employees hired on or after June 1, 2005 are not eligible to continue coverage in the County-sponsored medical/Rx, dental plan, or life insurance plan, and therefore are not valued in the GASB 74 actuarial valuation.

Medical/prescription drug and dental per capita claims and administration costs were developed based on the following:

- County claims experience (including Medical/Rx and Dental), fees, and administration costs for the County's employees and retirees from October 1, 2021 through September 30, 2023.
- Claims experience was adjusted for healthcare cost trend, age-sex differentials between employees and retirees, medical plan values, and integration of Medicare at ages 65 and after.
- Post-65 medical claims are based on County contributions to the BCBS Medicare Supplemental Plan.
- The actuarial cost method was Entry Age Normal, as required by GASB 75.
- Investment gains/losses are amortized over five year, liability gains/losses are amortized over Average Working Lifetime, and Plan changes are recognized immediately.

#### (g) DISCOUNT RATE

The discount rate used to measure the total OPEB liability was 4.63%. Since the fund does not accumulate funds in advance of retirement, the discount rate that was used to measure the total OPEB liability is the 20-year municipal bonds rate. Because the plan operates on a pay-as-you-go basis and is not intended to accumulate assets, there is no long-term expected rate of return on plan assets and therefore the years of projected benefit payments to which the long-term expected rate of return is applicable is zero years.

#### (j) OPEB EXPENSE

For the year ended September 30, 2023, the County recognized OPEB income of \$8,726,005.

Components of OPEB Expense	
Service cost	\$ 385,487
Interest on total OPEB liability	1,631,725
Differences between expected and actual experience	(6,921,965)
Changes in assumptions	(3,821,252)
Projected earnings on OPEB plan investments	-
Differences between projected and actual earnings on plan investments	-
OPEB plan administrative expenses	 
Total OPEB expense	\$ (8,726,005)

## (k) DEFERRED OUTFLOWS OF RESOURCES AND DEFERRED INFLOWS OF RESOURCES TO BE RECOGNIZED IN OPEB EXPENSE IN FUTURE YEARS

On September 30, 2023, the County reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

	Deferred Outflows of Resources		Deferred Inflows of Resources	
Differences between expected and actual economic experience Changes in actuarial assumptions Difference between projected and actual investment earnings	\$	- - -	\$	3,887,375 5,950,281
Total	\$	-	\$	9,837,656

Other amounts reported as deferred outflows of resources related to OPEB will be recognized in OPEB expense as follows:

Year E	nded September	30
2024	\$	(9,223,901)
2025		(613,755)
2026		- 1
2027		-
2028		-
Thereafter		-
	\$	(9,837,656)

#### XIV. POSTEMPLOYMENT BENEFITS OTHER THAN PENSIONS (OPEB) – Continued

#### (2) SUPPLEMENTAL DEATH BENEFITS PLAN

#### (a) PLAN DESCRIPTION

The County also participates in a cost sharing multiple-employer defined benefit group-term life insurance plan operated by the Texas County and District Retirement System (TCDRS). This plan is referred to as the Group Term Life Fund (GTLF). This optional plan provides group term life insurance coverage to current eligible employees and, if elected by employers, to retired employees. The coverage provided to retired employees is a postemployment benefit other than pension benefits (OPEB). Retired employees are insured for \$5,000.

The GTLF is a separate trust administered by the TCDRS board of trustees. TCDRS issues a publicly available comprehensive annual financial report (ACFR) that includes financial statements and required supplementary information for the GTLF. This report is available at *www.tcdrs.org*. TCDRS' ACFR may also be obtained by writing to the Texas County & District Retirement System, P.O. Box 2034, Austin, TX 76768-2034, or by calling 800-823-7782.

#### (b) PLAN MEMBERSHIP

At the December 31, 2022, valuation and measurement date, the following employees were covered by the benefit terms:

12/31/2022

	12/31/2022
Inactive employees currently receiving benefits	490
Inactive employees entitled to but not yet receiving benefits	232
Active employees	928
	1,650

All full- and part-time non-temporary employees participate in the plan, regardless of the number of hours they work in a year and are eligible for the TCDRS pension plan.

#### (c) BENEFITS PROVIDED

Payment from this funds are similar to group term life insurance benefits, and are paid to the designated beneficiaries upon the receipt of an approved application of payment. The death benefit for active employees provides a lump-sum payment approximately equal to the employee's annual salary (calculated based on the employee's actual earnings, for the 12-month period preceding the month of death). The death benefit for retirees is considered an "other postemployment benefit" (OPEB) and is a fixed amount of \$5,000. The obligations of this plan are payable only from the GTLF and are not an obligation of, or claim against, the TCDRS Pension Trust Fund.

#### (d) CONTRIBUTIONS

Each participating employer contributes to the Group Term Life program at a contractually required rate. An annual actuarial valuation is performed and the contractual rate is equal to the cost of providing one-year term life insurance. The premium rate is expressed as a percentage of the covered payroll of members employed by the County. There is a one-year delay between the actuarial valuation that services as the basis for the employer contribution rate and the calendar year when the rate goes into effect. The funding policy is to ensure that adequate resources are available to meet all insurance benefit payments for the upcoming year. It is not the intent of the funding policy to pre-fund retiree term life insurance during employees' entire careers.

#### XIV. POSTEMPLOYMENT BENEFITS OTHER THAN PENSIONS (OPEB) – Continued

#### (2) SUPPLEMENTAL DEATH BENEFITS PLAN - continued

As the GTLF covers both active and retiree participants, with no segregation of assets, the GTLF is considered to be an unfunded OPEB plan (i.e. no assets are accumulated).

For calendar years 2022 the total GTLF contribution rate for the County was .28%, while the retiree portion of the GTLF contribution was .12% and for Calendar year 2023 the GTLF contribution rate was .22% white the retiree portion was .09%. The County's contributions for the year ended September 30, 2023, were \$53,537 for the retiree portion, and \$129,173 for the total GTLF rate. Due to the SDB being considered an unfunded OPEB plan, benefit payments are treated as being equal to the employer's yearly contributions for retirees.

#### (e) TOTAL OPEB LIABILITY OF THE COUNTY

The County's total OPEB liability was measured as of December 31, 2022, and was determined by an actuarial valuation as of that date.

#### (f) ACTUARIAL ASSUMPTIONS

The total OPEB liability in the December 31, 2022 actuarial valuation was determined using the following actuarial assumptions:

Inflation Does not apply
Salary Increases Does not apply

Investment Rate of Return (Discount Rate) 3.72%

20 Year Bond GO Index published by bondbuyer.com as of December 31, 2022.

The actuarial cost method being used is known as the Entry Age Normal Method, as required by GASB 75. This method develops the annual cost of the Plan in two parts: that attributable to benefits accruing in the current year, known as the normal cost, and that due to service earned prior to the current year, known as the amortization of the unfunded actuarial accrued liability.

The County has no automatic cost-of-living adjustments ("COLA") and one is not considered to be substantively automatic under GASB 75. Therefore, no assumption for future cost-of-living adjustments is included in the GASB calculation or in the funding valuation.

All actuarial assumptions that determined the total OPEB liability as of December 31, 2021 were based on the results of an actuarial experience study for the period January 1, 2017 through December 31, 2021, except where required to be different by GASB 75.

#### (g) DISCOUNT RATE

Under GASB 75, the discount rate for an unfunded OPEB plan should be based on 20-year-tax-exempt AA or higher Municipal Bonds. Therefore, a discount rate of 3.72% based on the 20 Year Bond GO Index published by bondbuyer.com is used as of the measurement date of December 31, 2022.

#### XIV. POSTEMPLOYMENT BENEFITS OTHER THAN PENSIONS (OPEB) – Continued

#### (2) SUPPLEMENTAL DEATH BENEFITS PLAN - continued

#### (h) CHANGES IN THE TOTAL OPEB LIABILITY

	Total OPEB	
	Liability	
Balance at 12/31/2021	\$	2,805,101
Changes for the year:		
Service cost		101,347
Interest		59,261
Change of benefit terms		-
Difference between expected and actual experience		15,747
Changes of assumptions or other inputs		(793,097)
Benefit payments		(59,736)
Net changes		(676,478)
Balance at 12/31/2022	\$	2,128,623

#### (i) SENSITIVITY ANALYSIS

The following presents the total OPEB liability for the County, calculated using the discount rate of 3.72%, would be if it were calculated using a discount rate that is 1-percentage-point lowers (2.72%) or 1-percentage-point higher (4.72%) than the current rate:

1% I	Decrease in			19	6 Increase in
Discour	nt Rate (2.72%)	Disco	unt Rate (3.72%)	Disco	ount Rate (4.72%)
\$	2,563,017	\$	2,128,623	\$	1,793,789

#### (j) OPEB EXPENSE

Total OPEB Liability

For the year ended September 30, 2023, the County recognized OPEB expense of \$145,737.

Components of OPEB Expense					
Service cost	\$	101,347			
Interest on total OPEB liability		59,261			
Effect of plan changes		-			
Recognition of deferred outflows/inflows of resources:					
Recognition of economic/demographic gains or losses		(3,239)			
Recognition of assumption changes or inputs		(11,632)			
Total OPEB expense	\$	145,737			

#### XIV. POSTEMPLOYMENT BENEFITS OTHER THAN PENSIONS (OPEB) - Continued

#### (2) SUPPLEMENTAL DEATH BENEFITS PLAN - continued

#### (k) DEFERRED OUTFLOWS OF RESOURCES AND DEFERRED INFLOWS OF RESOURCES TO BE RECOGNIZED IN OPEB EXPENSE IN FUTURE YEARS

At September 30, 2023, the County reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

	Deferred Outflows of Resources		Deferred Inflows of Resources	
Differences between expected and actual economic experience Changes in actuarial assumptions Contributions made subsequent to the measurement date	\$	17,750 257,642 38,292	\$	10,572 634,478
Total	\$	313,684	\$	645,050

The County had \$38,292 reported as deferred outflows of resources related to OPEB resulting from contributions subsequent to the measurement date, but before the end of the County's reporting period will be recognized as a reduction of the total OPEB liability for the year ending September 30, 2024, rather than in the current fiscal year. Other amounts reported as deferred outflows of resources related to OPEB will be recognized in OPEB expense as follows:

Year Ended December 31						
2023	\$	18,313				
2024		(87,455)				
2025		(145,044)				
2026		(155,472)				
2027		-				
Thereafter		-				
	\$	(369,658)				

#### XV. SUBSEQUENT EVENTS

Subsequent events were evaluated through March 14, 2024, the date the financial statements were available to be issued.

NOTES TO SCHEDULE OF C	CONTRIBUTIONS				
Valuation Timing		•		rates are calculated eac al year in which contrib	· · · · · · · · · · · · · · · · · · ·
Actuarial Cost Method		Entry Age			
Amortization Method		Level percentage	of payroll, closed		

Inflation 2.50%

Salary Increases Varies by age and service. 4.70% average over career, including inflation

5-year smoothed fair value

Investment Rate of Return 7.5%, net of administrative and investment expenses, including inflation

Retirement Age Members who are eligible for service retirement are assumed to commence

receiving benefit payments based on age. The average age at service

18.0 years (based on contribution rate calculated in 12/31/2022 valuation)

retirement for recent retirees is 61.

Mortality 135% of the Pub-2010 General Retirees Table for males and

120% of the Pub-2010 General Retirees Table for females,

both projected with 100% of the MP2021 Ultimate scale after 2010.

Changes in Assumptions and Methods

Reflected in the Schedule of Employer

Remaining Amortization Period

Asset Valuation Method

Contributions

2015: New inflation, mortality, and other assumptions were reflected.

2017: New mortality assumptions were reflected.

2019: New inflation, mortality and other assumptions were reflected. 2022: New investment return and inflation assumptions were reflected.

Changes in Plan Provisions Reflected in the Schedule

2015: Employer contributions reflect that the current service matching rate was

increased to 175% for future benefits.

2017: Employer contributions reflect that the current service matching rate was increased to 200% for future benefits. Also, new Annuity Purchase Rates were

reflected for benefits earned after 2017.

NOTES TO SCHEDULE

This schedule will present 10 years of information once it is accumulated.

Valuation Date: Actuarially determined contribution rates are calculated on a calendar year

basis as of December 31, two years prior to the end of the fiscal year in which

the contributions are reported.

Methods and Assumptions Used to Determine Rates:

Actuarial Cost Method Entry Age Percent of Salary

Amortization Method Straight-Line amortization over Expected Working Life

Investment Rate of Return (Discount Rate) 3.72%

20 Year Bond GO Index published by bondbuyer.com as of December 31, 2022.

Disability Members who become disabled are eligible to commence benefit payments

regardless of age. Rates of disability are in a customer table based on TCDRS

experience.

Mortality - Depositing Members 135% of the Pub-2010 General Employees Amount-Weighted Table for males and

120% of the Pub-2010 General Employees Amount-Weighted Table for females,

both projected with 100% of the MP2021 Ultimate scale after 2010.

Mortality - Service Retirees, Beneficiaries,

and Non-Depositing Members

135% of the Pub-2010 General Healthy Retirees Amount-Weighted Table for males and 120% of the Pub-2010 General Healthy Retirees Amount-Weighted Table for females,

both projected with 100% of the MP2021 Ultimate scale after 2010.

Mortality - Disables Retirees 135% of the Pub-2010 General Disabled Retirees Amount-Weighted Table for males and

120% of the Pub-2010 General Disabled Retirees Amount-Weighted Table for females, both projected with 100% of the MP2021 Ultimate scale after 2010.

Other Information: The Supplemental Death Benefits Fund is considered to be an unfunded OPEB

plan (i.e. no assets are accumulated).

STATISTICAL SECTION

### SMITH COUNTY, TEXAS STATISTICAL SECTION

This part of Smith County's comprehensive annual financial report presents detailed information as a context for understanding what the information in the financial statements, not disclosures, and supplementary information says about the County's overall financial health.

Contents	Page
Financial Trends	
These schedules contain trend information to help the reader understand how the county's financial performance and well-being have changed over time.	130
Revenue Capacity	
These schedules contain information to help the reader assess the County's most significant local revenue source, property taxes.	134
Debt Capacity	
These schedules present information to help the reader assess the affordability of the County's current levels of outstanding debt and the County's ability to issue additional debt in the future.	140
Demographic and Economic Information	
These schedules offer demographic and economic indicators to help the reader understand the environment within which the County's financial activities take place.	144
Operating Information	
These schedules contain service and infrastructure date to help the reader understand how the information in the County's financial report relates to the service the County provides and the activities it performs.	147

### GOVERNMENTAL COMPLIANCE SECTION

# INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

The Honorable Commissioners' Court of Smith County Tyler, Texas

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Smith County, Texas as of and for the year ended September 30, 2023, and the related notes to the financial statements, which collectively comprise Smith County, Texas's basic financial statements, and have issued our report thereon dated March 14, 2024.

### Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered Smith County, Texas's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Smith County, Texas's internal control. Accordingly, we do not express an opinion on the effectiveness of Smith County, Texas's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

### Compliance and Other Matters

As part of obtaining reasonable assurance about whether Smith County, Texas's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

### Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the County's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

## INDEPENDENT AUDITORS' REPORT ON COMPLIANCE FOR EACH MAJOR PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE AND TEXAS GRANT MANAGEMENT STANDARDS

Independent Auditor's Report

The Honorable Commissioners' Court of Smith County Tyler, Texas

### Report on Compliance for Each Major Federal and State Program

### Opinion on Each Major Federal and State Program

We have audited Smith County, Texas' compliance with the types of compliance requirements described in the *OMB Compliance Supplement* and the State of Texas *Grant Management Standards* that could have a direct and material effect on each of Smith County, Texas' major federal and state programs for the year ended September 30, 2023. Smith County, Texas' major federal and state programs are identified in the summary of auditors' results section of the accompanying schedule of findings and questioned costs.

In our opinion, Smith County, Texas complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal and state programs for the year ended September 30, 2023.

### Basis for Opinion on Each Major Federal and State Program

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America (GAAS); the standards applicable to financial audits contained in Government Auditing Standards issued by the Comptroller General of the United States (Government Auditing Standards); and the audit requirements of Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, Audit Requirements for Federal Awards (Uniform Guidance), and the State of Texas Grant Management Standards (TxGMS). Our responsibilities under those standards and the Uniform Guidance and TxGMS are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of Smith County and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of Smith County's compliance with the compliance requirements referred to above.

### Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules and provisions of contracts or grant agreements applicable to Smith Count's federal and state programs.

CPAmerica International
Member Crowe Global

### Auditors' Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on Smith County's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS, *Government Auditing Standards*, the Uniform Guidance, and TxGMS will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material, if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about Smith County's compliance with the requirements of each major federal and state program as a whole.

In performing an audit in accordance with GAAS, *Government Auditing Standards*, the Uniform Guidance, and TxGMS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design
  and perform audit procedures responsive to those risks. Such procedures include examining, on a
  test basis, evidence regarding Smith County's compliance with the compliance requirements
  referred to above and performing such other procedures as we considered necessary in the
  circumstances.
- Obtain an understanding of Smith County's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance and TxGMS, but not for the purpose of expressing an opinion on the effectiveness of Smith County's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

### **Report on Internal Control Over Compliance**

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal or state program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

### **Report on Internal Control Over Compliance (continued)**

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance and TxGMS. Accordingly, this report is not suitable for any other purpose.

## SMITH COUNTY, TEXAS NOTES TO SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS FOR THE YEAR ENDED SEPTEMBER 30, 2023

### NOTE 1 - SIGNIFICANT ACCOUNTING POLICIES USED IN PREPARING THE SCHEDULE

The accompanying schedule of expenditures of federal awards includes the federal grant activity of Smith County, Texas under programs of the federal government for the year ended September 30, 2023 and is presented on the modified accrual basis of accounting. The information in this schedule is presented in accordance with the requirements of Title 2 U. S. Code of Federal Regulations (CFR) Part 200, Uniform Administrative Requirements, Cost Principles and Audit Requirements for Federal Awards (Uniform Guidance). Because the schedule presents only a selected portion of the operations of Smith County, Texas, it is not intended to and does not present the financial position, changes in net assets or cash flows of Smith County, Texas.

### NOTE 2 - NON-CASH ASSISTANCE, INSURANCE AND LOANS

Smith County did not receive any non-cash assistance through federal awards during the year ended September 30, 2023. There were no federal loans or loan guarantees outstanding at year end.

Certain federal awards require Smith County to maintain adequate insurance coverage. Following is a summary of Smith County's insurance policies and the liability limits:

Type of Coverage	Liability Limit
Property	\$248,843,647
Commercial General Liability	100K/300K/100K
Automobile	100K/300K/100K
Crime	250,000
Equipment	50,000,000
Public Officials Liability	2,000,000
Law Enforcement Liability	2,000,000
Law Enforcement Animals	30.000

### NOTE 3 - INDIRECT COST RATES

The County did not elect to use the 10 percent de minimis indirect cost rate as covered in 2 CFR § 200.414.

## SMITH COUNTY, TEXAS NOTES TO SCHEDULE OF EXPENDITURES OF STATE AWARDS FOR THE YEAR ENDED SEPTEMBER 30, 2023

### NOTE 1 - SIGNIFICANT ACCOUNTING POLICIES USED IN PREPARING THE SCHEDULE

The accompanying schedule of expenditures of state awards includes the state award activity of Smith County, Texas, under programs of the state government for the year ended September 30, 2023. The information in this schedule is presented in accordance with the requirements of Title 2 U. S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles and Audit Requirements for Federal Awards (Uniform Guidance) and the State of Texas *Grant Management Standards* (TxGMS). Therefore, some amounts presented in this schedule may differ from amounts present in, or used in, the preparation of the basis financial statements.

Expenditures reported in the schedule is presented on the modified accrual basis of accounting, which is described in Note 1 to the County's financial statement. Such expenditures are recognized following the cost principles contained in the Uniform Guidance and TxGMS, wherein certain types of expenditures are not allowable or limited as to reimbursement.

### NOTE 2 - INDIRECT COST RATES

The County did not elect to use the 10 percent de minimis indirect cost rate allowed under the Uniform Guidance.
